B.P. No.		Mis	
Dated	5-7	195	
		1876	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
5th July 1876. No. 1,701.*

Read the following papers:—

No. 73. From Major J. N. HUNTER, R.E., District Engineer, Salem, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Yerkaud, 30th May 1876, No. 36 S.L.

IN forwarding copy of a letter from the Executive Engineer, Salem Range, I have the honor to inform you that the Range Officer has, in anticipation of your sanction, been authorized to use the money allowed for chunam pillars in the main walls of the Police huts at the Salem Central Jail to build the upper foot of walls in chunam to prevent the white ants damaging the woodwork in the roof.

2. I shall shortly submit another report regarding the excess in the item of roofing.

No. 73-A. From the same Officer, dated Yerkaud, 7th June 1876, No. 39.

IN continuation of my letter, of the 30th ultimo, No. 36, I have the honor to submit, for the sanction of Government, a revised abstract estimate accompanied by comparative statement for the Police huts under construction at the Salem Central Jail.

2. Data for roofing and tile coping are, herewith, forwarded for your perusal. The cause of excess is explained in the comparative statement.

From R. E. NORFOR, Esq., Executive Engineer, in charge of the Salem Range, to Major J. N. HUNTER, R.E., District Engineer, Salem, dated Yerkaud, 5th May 1876, No. 38.

I HAVE the honor to bring to notice that one block comprising two Constables' huts in the Police lines at Hustumputty was completed about two months ago, and I regret to say that the white ants have already got to the woodwork of the roof; and I fear that a great deal of money will be thrown away and all the huts down in the course of six months, unless the upper foot of walls be built of brick in chunam instead of brick in clay. This can be done without increasing the cost of the work by doing away with the brick in chunam pillars in the main walls of the buildings, as these are now *perfectly unnecessary*, since brick in clay has been substituted for mud walls between pillars. I therefore request you will be so good as to favor me with your authority for this change, it being within your power to sanction it.

2. I shall have to send in a supplemental estimate for the roofing, as I find it quite impossible to do the work at 15 Rupees a square. By data taken from actual work done, the rate comes to a trifle over 18 Rupees a square. Mr. Johnston, the Vice-President to the Municipality, told me they paid 15 Rupees a square for the same kind of work, exclusive of the cost of the woodwork, which is an important item, and I find that the rate sanctioned for the same description of work to the Sandamungalum Police Station is as much as Rupees 30 per square,

District Engineer, Salem.

Proceedings of the Madras Government, Public Works Department,
5th July 1876. No. 1,701.

No. 74. ORDER THEREON, 5th July 1876, No. 1,701.

CIVIL WORKS, No. 5-A.

(a) Head of Service.—Provincial.

Fund.—Ordinary.

Class.—Original Works.

Main-head.—Civil Buildings.

Sub-head.—E, Prison's Department.

Section.—i, Central Jails

Name of Work.—Constructing forty-five Native Constables' huts, and four Native Head Constables' huts near the Central Jail at Salem.

Amount.—Rupees 16,110.

To be carried out by the Public Works Department.

UNDER the explanation given in the above letters, the revised estimate of Rupees 16,110 for constructing forty-five Native Constables' huts and four Native Head Constables' huts of Central Jail Guard at Salem, is sanctioned.

2. There is an allotment of Rupees 4,590 for this work in the Provincial Budget for 1876-77.

3. This sanction has been registered as Provincial No. 82 W. of 1876-77.

(True Extract.)
