Dated	5-7-	6876 195-

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
5th July 1876. No. 1,711.*

Read the following letters :—

No. 92. From Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Mount, 19th February 1876, No. 4,561.

With reference to paragraph 1 of G.O., No. 3,610, of 24th December 1875, I have

Three Estimates.
Two Plans.

the honor to forward, for the sanction of Government, plans and estimates for constructing two station-houses—one at

Baulchetty and the other at Ennore—and one Head Constable's and three Constables' huts at Baulchetty prepared agreeably to the request of the Superintendent of Police, Chingleput District.

No. 92-A. From Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to the Deputy Chief Engineer, Public Works Department, dated Camp at Varadapolliem, 27th May 1876, No. 696.

In reply to your No. T/242 of 16th instant, I have the honor to inform you that

One estimate.

One plan.

One copy of letters from the Superintendent of Police, Nos. 189 and 621, dated 13th March and 30th September 1875.

the estimate for Police Constables' huts at Baulchetty Choultry was prepared in accordance with instructions from the Superintendent of Police (copy enclosed).

2. Shortly after I received them returned with your No. 401 of 29th February, the Superintendent of Police asked for them to be shown to the Inspector-General of Police, who, instead of returning them to me, forwarded them to Government.

3. Your instructions are opposed to his, and I have reason to believe that the Police cannot afford to pay for more permanent style in which I originally designed the work.

4. The inferior standard has been sanctioned in other cases and buildings erected.

No. 92-B. From Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to the Officiating Deputy Chief Engineer, Public Works Department, dated Camp at Kasaveram, 24th June 1876, No. 1,046.

With reference to your memorandum, No. T/382, of 10th instant, I have the honor to return the estimate, amounting to Rupees 1,130, for constructing a Head and three Constables' huts at Baulchetty, having corrected the item from mud wall to brick-in-mud. This, however, causes an excess of Rupees 369 over the limit given by the Superintendent of Police.

Proceedings of the Madras Government, Public Works Department,
5th July 1876. No. 1,711.

No. 93.

ORDER THEREON, 5th July 1876, No. 1,711.

CIVIL WORKS, No. 7.

(a) Head of Service.—Provincial.
Fund.—Ordinary.
Class.—Original Works.
Main-head.—Civil Buildings.
Sub-head.—F. Police Department.
Section.—iii, Huts.
Name of Work.—Huts for one Head Constable and
three Constables at Baulchetty.
Amount.—Rupees 1,130.
To be carried out by the Public Works Department.

THE estimate of Rupees 1,130 for
constructing huts for one Head Constable
and three Constables at Baulchetty is
sanctioned.

2. The Inspector-General of Police
will make the necessary arrangements for
providing Rupees 369, being the amount
in excess of that allowed for these works
in G.O., No. 3,610, of 24th December 1875.

3. This sanction has been registered as Provincial No. 84 W. of 1876-77.

No 401
 Letter No 4061 dated 19th February from the District Engineer Chingpat.

In the estimates for the Police station houses at Sumers and Balchutty Choultry, although both are on the same plan. In one estimate the quantity of Teak wood for roof work is calculated to be 55 Cub ft, while on the other it is stated that 65 are required. In the one estimate 76 Cub yards are said to be sufficient, in the one, 1 square of Trellis work, in the other 1 1/2 square the estimates are returned for explanation of the cause of difference in quantities &c.

The Plan submitted for Police Constables huts at Balchutty Choultry not being in accordance to the standard design circulated with L.O. 462 dated 26th July 1874 is returned to the Superintending Engineer for perusal accordingly.

It is observed that Cooking sheds 5x10 and enclosures for latrines have been omitted.

The Superintending Engineer's attention is called to L.O. No 163 dated 26th October 1874 directing that "mud walls" should not be used for huts required for permanent occupation.

The Plan for construction
a Head & 5 Constables Huts
is not according to standard
design, approved 17th Feb.
No 462 of 35, 4 Feb. 1874.
The plan is also lacking sheets &
plans for the same are
provided. -
The detail estimate is
excessive, supplied
down the estimate had been
examined & found correct.
The Rates in the estimate
are less than the actual
rates for Changanassery.
The estimate for the
wall, which is 2' high
is also of the same
nature.

Sir,

Under instructions from the
Inspector General of Police, I have
the honor to request you will be
good enough to revise the Plan
and estimate (herewith returned)
of the Head Constables hut and 5
Constables huts at Tripoor by
reducing their size by striking
out the cooking shed and the
latrine, so as to bring down the
cost to the required limit, viz:
Rs. 1112, which is the amount pro-
vided for these huts from the
Building allotment for 1875-76.

I particularly request
the favor of the Revised Plan
and estimate being sent to me
in time, to admit of my obtaining

* reducing
size of
compounded.
It is calcd.
that
these 3 items
latrines, cook
sheds, &c
