*Proceedings of the Madras Government, Public Works Department,  
11th July 1876. No. 1,747.*

---

Read the following papers :—

No. 159. From Lieutenant D. McNEIL CAMPBELL, R.E., Executive Engineer, in charge Godavery District, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 6th June 1876, No. 653.

With reference to G.O., No. 770, of 27th March 1876, I have the honor to forward, herewith, a revised estimate of the amount required for expenditure in the Dowlaishweram Workshops during the current official year 1876-77, together with a report received from Lieutenant Campbell, who it will be observed now considers Rupees 1,10,000 as sufficient for the working capital of shop in 1876-77.

2. The original estimate was framed by Captain Brockman, in expectation that a large supply of Europe stores would be received, and a considerable quantity of timber purchased from the local markets for construction of Taluq Cutcherries, &c.

3. I observe from the Provincial Budget just to hand that no allotments have been sanctioned for cutcherries in this district. Taking into consideration also the present state of the stock balances and working orders, it is thought that the expenditure of the shop will not exceed the limit above alluded to.

4. Under these circumstances, I request you will be good enough to obtain sanction of Government to the revised estimate now submitted. You will observe from the letter of the officer in charge of workshop that, if the stores expected from England are received in time, a supplemental estimate will be necessary.

No. 159-A. From the Executive Engineer, in charge Godavery District, dated Camp at Dowlaishweram, 27th June 1876, No. 889.

---

From Lieutenant D. McNEIL CAMPBELL, R.E., Executive Engineer, in charge of Government Workshop, Dowlaishweram, to Major J. O. HASTED, R.E., District Engineer, Godavery, dated Dowlaishweram, 5th May 1876, No. 21.

In acknowledging the receipt of G.O., No. 770, dated 27th March 1876, which was communicated to me with your memorandum, No. 238, dated 24th ultimo, I have the honor to inform you that I am of opinion that Rupees 1,10,000 will suffice as a working capital for 1876-77, this being the same amount as in last official year, the transaction of which shows only Rupees 1,650-13-0 required as an increase of capital instead of Rupees 15,000 which was applied for by my predecessor to meet unforeseen demands; this has been reported by him to the Examiner of Public Works Accounts in his letter, No. 14, dated 22nd April 1876, with the annual accounts.

2. The estimate for the current year, amounting to Rupees 1,50,000, was framed by Captain Brockman with an idea that a large supply of Europe stores may be received, and that a considerable quantity of timber would have to be purchased from local markets for the construction of Taluq Cutcherries, &c., which it was anticipated would be put in hand this year; but from the present state of working orders and the stock balances, I consider the same amount as provided in last year will be sufficient (if the English supply is not received in time, but otherwise a supplemental estimate will have to be submitted to meet the demands); consequently I herein enclose a revised estimate, amounting to Rupees 1,10,000, for sanction.

OFFICE NOTE.

To C.

We have some doubts  
about the Registering of  
the Est. Decree in G.O. 1747  
of 11.7.75. herewith sent  
please let us know how  
it should be classified

W. H. P. S. M.  
13.7.

To W.

It is not an estimate, in  
the proper sense of the word.

Your order no 971 of 13.4.75  
is most suitable, and I should  
repeat. We want no classification,  
nor should the <sup>estimate (?)</sup> be entered in the  
Estimate Register.

L. L. J.

No 21

Govt. Workshop Office  
Dowlaiswaram  
5<sup>th</sup> May 1876.

From

The Executive Engineer  
In ch. of Govt. Workshop  
Dowlaiswaram

To

The District Engineer  
Godavery District

Sir,

In acknowledging the receipt  
of G. O. No 770 dated 27<sup>th</sup> March 1876  
which was communicated to me with  
your Memo. No 230 dated 24<sup>th</sup> ultimo  
I have the honor to inform you that  
I am of opinion that Rs 110,000 will  
suffice as a working Capital for 1876-77,  
this being the same amount as in  
last official year the transaction  
of which shows only Rs 1650.13-4  
required as an increase of capital  
instead

instead of Rs 15,000 which was applied for by my predecessor to meet unforeseen demands - this has been reported by him to the Examiner of P.W. Accounts in his letter No 14 dated 22 April 1876 with the annual accounts.

The estimate for the current year amounting to Rs 150,000-00 was framed by Captain Brockman with an idea that a large supply of Europe stores may be received and that a considerable quantity of Timber would have to be purchased from local markets for the construction of Talug Cutcheries &c which it was anticipated would be put in hand this year, but from the present state of working orders and the stock balances I consider the same amount as provided in last year will be sufficient (if the English supply is not received in time but otherwise a

Supplemental Estimate will have to be submitted to meet the demands) Consequently I herein enclose a revised estimate amounting to Rs 110,000-00 for sanction.

I have the honor to be Sir,

Your most obedt. servant

From,  
Lieutenant D. McNeil Campbell R.E.  
Executive Engineer in charge Govt. D.

To,  
Major General G. W. Walker R.E.  
Secretary to Government D. P. W.  
Madras.

Sir,  
With reference to G. O. No. 770 of 27<sup>th</sup> March 1876, I have the honor to forward herewith, a revised estimate of the amount required for expenditure in the Dowlaishweram Workshops during the current official year (1876-77) together with a report received from Lieutenant Campbell, who, it will be observed now considers Rupees 110,000 as sufficient for the working capital of shop in 1876-77.

2 The original estimate was framed by Captain Brockman in expectation that a large supply of Europe stores would be received, and a considerable

quantity of timber purchased from the Local Markets for construction of Talug Cut-cherries etc.

3. I observe from the Provincial Budget just to hand that no allotments have been sanctioned for cutcherries in this District. Taking into consideration also the present state of the stock balances and working orders, it is thought that the expenditure of the shop will not exceed the limit above alluded to.

4. Under these circumstances, I request you will be good enough to obtain sanction of Government to the revised estimate now submitted. You will observe from the letter of the Officer in charge of Workshop that if the stores expected from England are received in time a supplemental estimate will be necessary.

I have the honor to be,  
Sir,

Your most obedient Servant
