No 395 Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 20th January 1876, No 34 —

In submitting herewith the Regular and Budget Estimates of State expenditure of Guaranteed Railways in this Presidency for the current and coming official years, I have the honor to offer the following remarks on the larger differences between the allotments for the current year as sanctioned in G.O., No 1,110, of the 20th April 1875, and the estimates now laid before Government —

Summary of State Expenditure on Guaranteed Railways

Heads		Budget Estimate for 1875-76	Regular Estimate for 1875-76	Budget Estimate for 1875-76
Control	Salaries of establishment	RS. 82,731	RS. 88,006	RS. 89,388
	Travelling allowances	6,200	5,040	6,200
	Contingencies	1,530	1,628	1,530
Land	Madras Railway	17,100	5,900	7,700
	South Indian Railway	3,54,000	3,65,200	*2,65,000
Civil establishments			1,500	2,000
Total		4,61,564	4,67,274	3,71,818

* Includes Rupees 40,000 for Chingleput Corjeveram section

REGULAR ESTIMATE FOR 1875-76.

2 *Control*—The increase under the item “salaries” is due to salary and allowances having been passed to the Consulting Engineer from the 1st April 1875 according to the new rules, and to deputation allowance having been drawn by him as Acting Chief Engineer, 2nd Grade, to the promotion of the first Deputy Consulting Engineer to the rank of Major on the 1st April 1875, to the Examiner of Railway Accounts having been temporarily promoted to Controller, 2nd-class, 2nd Grade; and to the Junior Assistants in his office having been one step higher in rank than was anticipated when framing the Budget for 1875-76.

3 *Land*—Although the allotments and estimated outlay on each line of railway differ, the totals under this head agree. No reduction can, it is thought, be made in the estimate, as, up to the 30th November last, claims for about 2½ lakhs of Rupees were registered and sanctioned by this Government.

4 *Civil Establishments*—No separate provision has hitherto been made to meet the cost of establishments engaged on the survey of land adjoining Railway stations. The actual expenditure, up to the 30th September last, was Rupees 629-6-0.

BUDGET ESTIMATE FOR 1876-77.

5 *Control*—Compared with the allotment for the current year, the item “salaries” shows an increase of Rupees 5,405 per annum. A portion of this is due to the uses mentioned in the remarks on the Regular Estimate, and the balance to

* *Vide* G.O., No 1,610, dated 8th June 1875, provision having been made for annual increments* to the salaries of the 3rd and 4th Grade Accountants, and for two additional Clerks and 4 Mocchy required for the office of the Examiner of Railway Accounts.

Proceedings of the Madras Government, Public Works Department,
24th January 1876.

6 Land—As the greater portion of the land required for the South Indian Railway extensions has already been paid for, it is thought that Rupees 2,65,000 will be sufficient to cover all demands for compensation during the coming financial year. Rupees 40,000 are included in this amount for land for the Conjevaram-Chingleput section. If, however, the Government of India are of opinion that the work will not be undertaken during that period, the estimate may be reduced by this sum.

7 Civil Establishments—Rupees 2,000 are here set down to meet the cost of survey establishments.

MEMORANDUM

THE undersigned has the honor, in reply to Consulting Engineer's memorandum, No 1,569, dated 25th instant, to submit the Regular Estimate of the cost of this office for 1875-76, and the Budget Estimate for 1876-77, and to explain the causes of the divergence in either case from the amount passed in Budget orders* for 1875-76.

* G.O., No 1,110, dated 20th April 1875.

2 In the current year there is an excess over estimate in the salary of the Examiner owing to his having been temporarily promoted† to Controller, 2nd-class, 2nd Grade. The present Senior and Junior Assistants are each of one step higher rank‡ than was anticipated when the Budget Estimate was framed. There is a saving upon the salaries of Accountants and Clerks owing to one man having left the office and to his successor having been engaged at a lower rate of pay. The items of excess and saving are as follow—

† Gazette of India of 22nd December 1874, and of 27th October 1875.

Net excess		1,830	15	9			

*Proceedings of the Madras Government, Public Works Department,
24th January 1876.*

3 The following are the items composing the sum by which the Budget Estimate for 1876-77 exceeds the Budget Estimate of the current year —

Increased pay of Examiner	Rs
Do of Senior Assistant	1,800
Do of Junior "	840
	1,560
Annual increment* of Accountants not yet sanctioned by Government of India	204
Two new Clerks, one for traffic audit at the Madras Railway and another to assist in the compilation of statistics in the office	1,200
Difference in pay of Moochy	18
Total	5,622

The office is at present obliged to work extra time and upon holidays, and, even with the additional exertions put forth, it has not been found possible to keep the work from falling partially into arrears. A separate and full communication will, however, be made regarding the necessity for the two extra Clerks

compared with the Budget Estimate of the current year, the following excesses are shown under the head of Establishments —

Excess as per Regular Estimate of 1875-76	Rs 4,210
" " Budget " of 1876-77	6,654

2 With the exception of the provision for two additional Clerks in the Examiner's office, the increases shown have been duly authorized. The separate communication promised in respect to the necessity of the extra clerical aid required by the Examiner will be awaited. Separate provision has been made to meet the cost of establishments engaged on the survey of land adjoining Railway stations, Rupees 1,500 in the Regular Estimate of the current year and Rupees 2,000 in the Budget Estimate of 1876-77 having been entered for this object. The charge is admitted.

3 The total of the Regular Estimate for land agrees with the current year's Budget provision, and the charges for 1876-77 are Rupees 98,400 less. The provision of Rupees 40,000 for the Conjeveram-Chingleput section will be allowed to stand

pated when framing the Budget for 1875-76.
Land. Although the allotments and estimated
outlay on each line of railway differ, the
totals under this head agree. No reduction
can, it is thought, be made in the estimate,
as up to the 30th November last, claims for
about 2½ lacs of Rupees were registered and
sanctioned by this Government.

Budget estimate for 1876-77

A portion of this is due to the causes mentioned in the remarks on the Regular estimate, and the balance to provision having been made for annual increments to the salaries of the 3rd and 4th grade accountants, and for two additional clerks and a month required for the Office of the Examiner of Railway Accounts.

Vide L.O. No 1610 dated 8th June 1875 and L.O. 3615 of the 27th December 1875

Land - As the greater portion of the land required for the South Indian Railway extensions has already been paid for, it is thought that Rs 2,50,000 will be sufficient to cover all demands for compensation during the coming financial year. Rs 40,000 are included in this amount for lands for the Coimbatore Belonging to the Section. If however the Government of India are of opinion that the work will not

not be undertaken during that period the estimate may be reduced by the sum Rs 2,000 are here set down to meet the cost of survey establishments.
