*Proceedings of the Madras Government, Public Works Department,
25th July 1876. No. 1,874.*

No. 402. Read the following letter from K. F. NORDMANN, Esq., Officiating District Engineer, Vizagapatam, to Major-General G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Vizianagram, 1st July 1876, No. 689 :—

I HAVE the honor to bring to your notice that the President of the Local Fund Board has called upon me to issue instructions to the Range Officer for re-erecting a leaf-pandal to the Local Fund Dispensary at Nursipatam.

2. It is reported that the pandal was originally put up by this department, and it has now been blown down.

3. In G.O., No. 3,575, dated 20th November 1867, it was ruled that pandals and works of that nature, when provided in connection with buildings which are not in charge of the Public Works Department and not borne on the returns of that department as recognised *State Buildings*, should be erected by, and at the cost of, the department requiring them.

4. The Local Fund Dispensary above referred to was constructed out of Local Funds, and is not classed as a State building I presume, but it is borne on the return of buildings in charge of this department.

5. I shall feel obliged if you will inform me whether pandals to Local Fund buildings which are borne on the returns of this department are to be erected by the professional department out of Local Funds.

6. To save delay I have instructed the Range Officer to submit an estimate for erecting a pandal to the dispensary at Nursipatam, which, when received, will be forwarded to the President of the Local Fund Board for sanction and for funds.

No. 403. ORDER THEREON, 25th July 1876, No. 1,874.

CIVIL WORKS, No. 34.

HIS EXCELLENCY the Governor in Council is of opinion that such work as that alluded to should be carried out by "Other Agency."
