Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
27th July 1876. No. 1,909.*

No. 166. Read the following endorsement of the Consulting Engineer for Railways, dated 11th July 1876, No. 340 :—

From W. ELDER, Esq., Acting Consulting Physician, to R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, dated Royapooram, 7th July 1876, No. 236.

In forwarding the enclosed letter from Apothecary Ellis for your information, I have the honor to call attention to the necessity for a cholera-shed at Jollarpett.

From Mr. J. C. ELLIS, Apothecary of the Madras Railway Company, to W. ELDER, Esq., Acting Consulting Physician, dated Jollarpett, 5th July 1876, No. 30.

With reference to my telegram of yesterday's date reporting the case of cholera occurring here, I respectfully beg to report, for your information, that the man was returning from Negapatam on his way to his native village Naggery; he travelled by the 8-5 A.M. train from Erode and arrived here at 8-5 P.M., partook of a meal at the bazaar and returned to the station intending to take the early morning train which leaves at 5-40 A.M.; the following day was attacked with diarrhoea, during the night of which he informed no one; he was found very early yesterday in a weak and helpless state with the graver symptoms of cholera well developed; I had him removed to the chuttrum and treated, and regret to state that the case proved fatal last night.

2. I also beg to inform you that another native passenger in the 10-15 A.M. mail last night, from Coimbatore was detained here, as he was found to be suffering from diarrhoea; this was noticed when he was about entering the Bangalore Mail train after the departure of the other trains (mails). The man was found well this morning after a little medicine given last night, and was allowed to resume his journey by the morning goods train.

3. This morning I found another passenger in the bazaar here who came from Vellore yesterday by the 9-30 A.M., suffering from the premonitory symptoms of cholera; he is also being treated in the chuttrum.

4. The chuttrum is a place not suited to treat cases of cholera, being close to the bazaars and Porter's lines. Cholera-sheds would be beneficial, and the Police here ordered to render every help in their power. I have informed the Tahsildar of Tripatore of these cases of cholera and recommended cholera-sheds to be erected outside the station compound.

No. 709.

The Consulting Engineer for Railways for information, in continuation of my endorsement of the 4th instant, No. 693. A copy of the report has been sent also to the Collector of Salem.

MADRAS,
8th July 1876.

(Signed) J. W. MELLIS,
for Agent and Manager.

SUBMITTED for the information of Government.

2. The Collector of Salem has been asked to arrange for the erection of cholera-sheds at Jollarpett.

(Signed) J. H. M. SHAW-STEWART, Lt.-Col., R.E.,
Consulting Engineer for Railways.

Proceedings of the Madras Government, Public Works Department,
27th July 1876. No. 1,909.

No. 467.

ORDER THEREON, 27th July 1876, No. 1,909.

RAILWAY, No. 48.

RECORDED and communicated to the
Public Department.

2. His Grace the Governor in Council
considers that a hospital shed away from the station might be erected with advantage.
But great care will be necessary in the provision of proper drainage, latrines, and
other suitable arrangements so as to reduce the risk of infection to a minimum.

Consulting Physician's Office
Royapuram, 7th July 1876.

The Agent and Manager,
Madras Railway Company.

Dear Sir,

In forwarding the enclosed letter
from Apothecary Ellis for your information
I have the honour to call attention to the
necessity for a Cholera shed at Tollarpett.

I am, Sir,
Yours faithfully,
Signed, William Elder,
Acting Consulting Physician

1876.

Tollarpett Station
5th July 1876.

To
The Consulting Physician,
Madras Railway,
Royapuram.

Sir,

With reference to my telegram of
yesterday's date reporting the case of Cholera
occurring here I respectfully beg to report
for your information that the man was re-
turning from Negapatam on his way to his
native village Vaggery, he travelled by the S.S.

train from Erode and arrived here at 8-5 P.M., partook of a meal at the Bazaar and returned to the Station intending to take the early morning train which leaves at 5.40 am. the following day. He was attacked with Diarrhea during the night of which he informed no one, he was found very early yesterday in a weak and helpless state with the graver symptoms of Cholera well developed. I had him removed to the Chuttrum and treated, and regret to state that the case proved fatal last night.

I also beg to inform you that another native passenger in the 10.15 am. Mail last night from Coimbatore was detained here as he was found to be suffering from Diarrhea; this was noticed when he was about entering the Bangalore Mail train after the departure of the other trains (mails). The man was found well this morning after a little medicine given last night and was allowed to resume his journey by the morning Goods Train.

This morning I found another passenger in the Bazaar here who came from Vellore yesterday by the 8.30 Am. suffering from the premonitory symptoms of Cholera; he is also being treated in the Chuttrum.

The Chuttrum is a place not suited to treat cases of Cholera being close to the Bazaar.
