TRICHINOPOLY DISTRICT.

No.	Month and Date.	Purport.	Remarks.
839	1875. 25th March.	To take steps for exhibiting on maps or surveys of the Cauvery and Coleroon the Padugay lands required for river conservancy purposes for cultivations or plantations respectively.	Complete as far as maps exist. The Surveyor appears to have been allowed to leave on 1st October 1873, and but little of his work is to be found, and no field books. I have had his work completed as far as maps exist. The work is, in my opinion, one that should not have been undertaken. It is of no practical use.

To take notes for exhibiting on map in relation to the survey of the Boundary and Colonization, the last letter of his work is to be found in the book. I had had ready for purpose of the Indian Survey a plan of his work completed as far as maps to be perfectly

with. The work is in my opinion, one that should not have been undertaken. It is of no practical use.
