*Proceedings of the Madras Government, Public Works Department,
1st August 1876. No. 1,948.*

No. 9. Read the following letter from Major P. MONTGOMERIE, R.E., Officiating District Engineer, Presidency, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 6th June 1876, No. 1,191 :—

With reference to your Memorandum, No. 814, dated 7th December 1875, I have the honor to submit, in original, a letter from Major Ross Thompson, R.E., regarding the improvements made to the quarters of the District Engineer, Presidency, Fort St. George, together with plan and estimate, amounting to Rupees 535, for the work in question, and to request the formal sanction of Government.

2. I am of opinion that all the work was absolutely necessary and that the charges have been very moderate.

3. The work was completed and paid for in last official year.

From Major ROSS THOMPSON, R.E., Officiating District Engineer, Bangalore, to Major P. MONTGOMERIE, R.E., Officiating District Engineer, Presidency, dated Bangalore, 31st May 1876, No. 123.

With reference to your Memorandum, No. 503, of the 4th May 1876, I have the honor to return the plan, estimate, and specification for the improvements made to the quarters of the District Engineer in Fort St. George, together with Memorandum, No. 814, of 7th December 1875, from the Chief Engineer, Department Public Works.

- 1 Estimate.
- 1 Abstract do.
- 1 Specification.
- 1 Plan.
- 1 Chief Engineer's Memorandum.

2. With regard to the Chief Engineer's remarks in his Memorandum above referred to, I have only to say that the work in question was entered through an oversight in Imperial Statement, Part III, New Works, dated 1st November 1875.

3. The alterations and improvements were not ordered by Government, and they amounted to more than I was competent to allot for the purpose as Presidency District Engineer.

4. The alterations are, however, such manifest and permanent improvements, and the rent charged for the quarters so very high compared with the rents paid for better and more convenient houses in much pleasanter localities in Madras, I trust the Government may sanction the expenditure incurred.
