1 Estimate.
1 Specification Report.
plan, specification report, and an estimate, amounting to Rupees 1,310, for making certain improvements to the Washerman's

Pettah Tannah Station for the accommodation of new stables for Police horses which were prepared in communication with the Commissioner of Police and approved of both by him and the Inspector-General of Police.

2. The materials have been ordered to be collected, in anticipation of sanction to the estimate by my predecessor.

3. The present value of the building transferred was reported in this office, No. 4,517, dated 27th January 1876.

No. 18-A. From Major P. MONTGOMERIE, R.E., Officiating District Engineer, Presidency, to Colonel W. FAREWELL, Deputy Chief Engineer, Public Works Department, dated Fort St. George, 24th July 1876, No. 2,180.

WITH reference to your Memorandum, No. 489-T., dated 30th June 1876, I have the honor to explain that the cause of

excessive rates charged for the four items in the estimate for improvements to the Washerman's Pettah Police Station House referred to by you is as follows.

2. *Brick work in Chunam.*—There are two rates for this item: when bricks 10" x 5" x 3", all first class, are used, the rate is 0-2-11 per cubic foot, and when the ordinary country brick, 8" x 4" x 1½", half first class and half second, are used, the rate is 0-2-6. The better description of brickwork was provided for in this estimate because there was a large stock of bricks on hand that had been used for stands during the visit of His Royal Highness the Prince of Wales at the time the estimate was prepared. These bricks having now been used up on other works, the rate in the estimate is now altered to 0-2-6 per cubic foot.

3. *Teakwood wrought and put up.*—The rate of Rupees 3-1-0 is the current rate. Rupees 3 was the rate for the last year.

4. *Panelled windows.*—The rate of 15 Annas is the current rate for windows. The rate for doors (14 Annas per square foot) must have been taken for that of windows.

5. *Plastering cornice.*—The rate of Rupees 3-10-0 per square for plastering cornice is the current rate,—*vide* data enclosed.

6. The plan and estimate are herewith returned duly corrected from Rs. 1,310 to Rupees 1,230.

Proceedings of the Madras Government, Public Works Department,
2nd August 1876. No. 1,953.

No. 19.

ORDER THEREON, 2nd August 1876, No. 1,953.

CIVIL WORKS, No. 4.

His GRACE the Governor in Council sanctions the estimate of Rupees 1,230 for the improvements to be made to the Washerman's Pettah Police Station House, in order to provide stable accommodation for the Mounted Police in lieu of that afforded at the Police Tannah made over to the Harbour Works.

2. The cost will be debited to the Madras Harbour Works, the Superintendent supplying the requisite funds.

3. This sanction has been registered as special No. 32-W. of 1876-77.

(True Extract.)

(Signed) G. W. WALKER, Major-General, R.E.,
Secretary to Government.

To the Officiating District Engineer, Presidency.

Sir,

With reference to your Memo No. 489 dated 30th June 1876, I have the honor to explain that the cause of excessive rates charged for the items in the Estimate for Improvements to the Washermanpett Police Station House referred to by you, is as follows:-

Brick-work in
churns.

2. There are two rates for this item - when bricks 10" x 5" x 3" all first class, are used the rate is " - 2 - 11 per cubic foot, and when the ordinary country brick 8" x 4" x 1 1/2" half first class and half second, are used the rate is " - 2 - 6. The better description of brick work was provided for in this estimate because there was a large stock of bricks on hand that had been used for stands during the visit of H.R.H. the Prince of Wales at the time the estimate was prepared.
