*Proceedings of the Madras Government, Public Works Department,
4th August 1876. No. 1,995.*

No. 93. Read the following Proceedings of the Madras Government in the Revenue Department, dated 18th July 1876, No. 971:—

Read again Proceedings of the Board of Revenue, dated 7th July 1876, No. 1,733.
Read also letter from J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Madanapully, 16th June 1876, No. 141.

With reference to Board's Proceedings, dated 6th March 1875, No. 551, I beg to report that the Agraharamdars have executed the repairs which have been inspected and measured by the Tahsildar and valued at Rupees 153-11-6.

2. The Deputy Collector in charge of the Treasury hesitates to pay one-third of this amount, as the Board of Revenue have not pointed out a source from which the money is to be taken, and the District Engineer will probably make the same objection on the same grounds. I therefore beg that the Board will be pleased to point out a source from which the money can be paid.

SUBMITTED for the orders of Government with a copy of Board's Proceedings, dated 6th March 1875, No. 551. The Board are of opinion that the amount should be paid and debited to Public Works Department.

(A true Copy and Extract.)

Acting Secretary.

Proceedings of the Board of Revenue, dated 6th March 1875, No. 551.
Read the following letter from W. D. STOKES, Esq., Collector of Cuddapah, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Wontemittah, 2nd February 1875, No. 25:—

In the Kottapalli agraharam is a tank, one-third of the ryot under which is Ryotwari land in the Government village, Kommanavaripalli. The tank is out of repair, and I proposed to the Agraharamdars that they should contribute two-thirds of the cost of the work which was to be carried out by the Department of Public Works. They do not consent to this arrangement, and ask that the Government ryots should pay them 30 seers of grain per acre for the repairs as is the custom with agraharam ryots. They wish to keep the work in their own hands, as they are afraid by allowing Government to repair the tank they will lose control and possibly proprietorship over the tank.

2. Hitherto the Agraharamdars have kept the tank in order at their own expense, but it would not be just to ask them to continue this arrangement when 51 acres of Government land are receiving the water for which the ryots pay a wat assessment to the Government and not to the Agraharamdars.

3. If the Board will not sanction the payment of one-third of the cost of repairs to the Agraharamdars, I suggest that the Government land be classed as dry, and then the ryots can be left to make their own arrangements for water with the Agraharamdars.

The Board are of opinion that the best course would be to pay over to the Agraharamdars one-third of their proved outlay on the repairs, and continue to collect Nanjah rates from the Government ryots.

Acting Secretary.
