B.P. No.		Mis.
Dated	<i>8-8</i>	<i>02 76</i> 195

Not to be folded or roughly handled

No. 188. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 28th July 1876, No. 369 :—

In their Order, No. 1,736, dated 19th June 1875, the Government approved of the proposals brought forward by the Madras Railway Company for the purchase of a house and compound adjoining the Station at Cuddapah, and adapting the same to serve the purposes of a Staff bungalow, the godowns being utilized for Guards' Barracks.

2. Subsequently, however, upon a representation made by the then Collector of the District, the Government directed that the purchase of the above premises be deferred.

3. The provision of increased accommodation at Cuddapah can be no longer deferred, and the Railway Authorities ask that a small strip of the compound may be transferred to them as a site for the new buildings. The Chief Engineer writes as follows :—“ In the absence of any other suitable site it will be necessary to take a portion of the compound of Cochrane's bungalow, 2 chains wide, which will not at all affect the comfort or convenience of the occupier.”

4. It will be observed from the correspondence herewith submitted that the Collector is of opinion that there is no reasonable objection to the land being given over to the Railway Company, and that its transfer will affect neither the comfort nor convenience of the occupier of the bungalow. Mr. Gribble adds that

“ the compound is a large one, and the piece now required will leave a clear space between the godowns and the Railway portion of 1 chain less 3 feet.” The District Judge who occupies the bungalow at present is, however, averse to the Railway Company having any portion of the compound handed over to them, and considers that the line already runs too near the building. The Collector believes that the proprietor has no objection to part with the land in question, and, under the circumstances, I have the honor to request that I may be favored with the order of Government on the subject.

5. A plan of the station ground is herewith submitted, on which is shown the strip of land which it is proposed to acquire. As stated by Mr. Gribble the godowns are 63 feet from the boundary line, and the house is a considerable distance beyond the godowns. The whole of the land on the opposite side of the station yard is low and unsuitable for building purposes. Under the circumstances, I am of opinion that the land now applied for forms the only suitable site in the vicinity of the station, and that the objection of the District Judge can hardly be considered a reasonable one.

6. I beg that the tracing may be returned when no longer required.

*Proceedings of the Madras Government, Public Works Department,
8th August 1876. No. 2,011.*

From R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, to Lieut.-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated 24th March 1876, No. 291.

ADVERTING to your letter of the 9th of September last, No. 984, giving cover to a copy of the Proceedings of Government in which the Governor in Council directed that the purchase of Cochrane's bungalow be deferred, I have the honor to request that you will be so good as to let me know whether it is probable that the bungalow referred to can be acquired by the Company at an early date. In the event of there being no such probability, the Acting Chief Engineer proposes to make other arrangements which will necessitate the Company being placed in possession of the land shown in the accompanying plan and schedule, and, if necessary, I shall be much obliged if you will take steps to have the land transferred to us.

2. Mr. Robinson writes to me as follows upon the subject:—

"In the absence of any other suitable sites it will be necessary to take a portion of the compound of Cochrane's bungalow, 2 chains wide, which will not at all affect the comfort or convenience of the occupier. In order to square the Railway compound and keep squatters at a distance, I propose to take up some waste land to the south and on both sides of the line, as also a piece between the Assistant Traffic Manager's and the Driver's quarters.

"There are three bungalows required at Cuddapah:—A Staff bungalow, an Inspector's, and one for Guards. The latter is already sanctioned, but owing to the Consulting Physician's recommendation that all bungalows at Cuddapah are to have the floor 3 feet from the ground, the estimate will have to be revised. This bungalow I propose building near the present Signaller's bungalow as marked on plan.

"The present Staff bungalow is thatched and so infested with whiteants (the walls being built of mud) that it is not worth retaining. A new one should be built farther back on the strip of land before referred to. The proposed site is marked on the plan.

"The Inspector formerly resided at Wontimattah in a cucha bungalow which has been since pulled down. He is now living in an out-office attached to the Staff bungalow at Cuddapah.

"I have shown on the plan* where, I think, his bungalow should be, and it will, I think, be necessary to remove and rebuild the latrines for bandymen."

* No. 470, with Schedule.

From J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Madanapally, 14th April 1876, No. 5.

With reference to your letter, No. 466, dated 11th instant, I have the honor to state that the purchase, by the Railway Company, of Cochrane's bungalow would cause as much inconvenience now, as it would have done at the date of Mr. Horsley's letter, and for the same reasons.

2. With reference to the suggestion contained in paragraph 2 of your letter, I see no objection to the purchase, by the Railway Company, of a portion of the compound not exceeding 2 chains. The compound is a large one, and this will not, I think, interfere with the comfort or convenience of the occupier.

3. I have forwarded a copy of this letter to the present occupier, the District Judge, with a request that he will favor me with an early answer as to whether he has any objection to raise against the course you suggest.

From A. CRUICKSHANK, Esq., Acting District Judge, Cuddapah, to J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, dated Cuddapah, 19th April 1876, No. 97.

With reference to your letter of the 14th April 1876, No. 19, I have the honor to request that you will be good enough to inform me when it is proposed to take off a portion of my compound not exceeding 2 chains before I answer the question put by you in the above letter.

*Proceedings of the Madras Government, Public Works Department,
8th August 1876. No. 2,011.*

No. 6.

COMMUNICATED to the Consulting Engineer for Railways with reference to this office letter to his address of the 11th instant, No. 5. He is requested to be good enough to afford the information asked for to enable the undersigned to obtain the final answer of the District Judge.

MADANAPALLY,

22nd April 1876.

(Signed) M. RAMASAWMY,

Deputy Collector,
for Acting Collector.

From A. CRUICKSHANK, Esq., Acting District Judge of Cuddapah, to J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, dated Cuddapah, 12th May 1876, No. 106.

I HAVE the honor to acknowledge receipt of the tracing* showing the extent of land which it is proposed to take from the compound of the bungalow which I now occupy, and to state that I suppose it matters little whether I agree or no to the giving up of the land desired as I am a tenant merely, but so far as I am concerned, I most decidedly object to the Railway Company getting any of the compound, and to the Railway coming closer than it now is. It is even now too near.

* Herewith returned.

No. 9.

COMMUNICATED to the Consulting Engineer for Railways, with reference to his letters as per margin. The tracing received with his letter, dated 27th April 1876, No. 548, is herewith returned.

14th April 1876, No. 466.
27th April 1876, No. 548.

Cuddapah,
13th May 1876.

(Signed) M. RAMASAWMY,

Deputy Collector,
for Acting Collector.

From J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Cuddapah, 27th June 1876, No. 11.

With reference to your letter, No. 786, dated the 20th instant, I have the honor to inform you that I have asked the Deputy Collector on General duty to arrange for the early transfer of the waste lands marked 2 and 3 on the tracing received with the above.

2. I observe that land marked No. 1 forms a part of the Judge's compound, and that no answer has as yet been received from you to this office footnote No. 9, dated 18th May, 1876, to the District Judge's letter, No. 106, dated 12th May 1876, objecting to the transfer.

From the same Officer, dated Cuddapah, 30th June 1876, No. 16.

With reference to your letter, No. 786,* dated 20th June 1876, I have the honor to inform you that on the morning of the 28th I inspected the land in question together with Mr. Haworth, the Resident Engineer, and the General Deputy Collector.

* And mine, dated 27th June 1876, No. 11.

2. As regards Nos. 2 and 3 in the sketch plan, the owners agreed to the compensation offered. The land was marked out, and I informed Mr. Haworth that he could take possession whenever he liked. The ordinary statement will follow in due course.

3. As regards No. 1, it forms a portion of the compound in which the house of the Judge is situated. As I have already had the honor of informing you, Mr. Cruickshank says, that if he is consulted in the matter, he objects to any portion of the compound being given. We marked out the portion and showed it to Mr. Cruickshank, who however still declines to withdraw his objection. I am of opinion that there is no reasonable objection to the land being given over.

Proceedings of the Madras Government, Public Works Department,
8th August 1876. No. 2,044.

The compound is a large one, and the piece now required will leave a clear space between the godowns and the Railway portion, of 1 chain less 3 feet. Mr. Cruickshank having, however, been consulted in the matter, I beg to be informed whether his objection is to be taken into consideration or not. If it is to be overruled, I am prepared to put Mr. Haworth in possession at any moment.

From the same Officer, dated Cuddapah, 8th July 1876, No. 17.

With reference to your letter, No. 888, dated 4th instant, I beg you will be good enough to refer to your letter, No. 466, of the 11th April 1876. You will notice that in paragraph 2 you say that you believe the part of the Judge's compound which you propose to take up "will affect neither the comfort nor convenience of the occupier." In this view I quite concur, but on a reference to the District Judge, the occupier, he distinctly states that it would be inconvenient to him, and declines to withdraw his objections.

2. Under these circumstances, I would suggest that the course you propose in paragraph 3 of your letter of the 11th April be adopted, and the orders of Government requested.

3. I believe the proprietor has no objection to part with the land, and immediately I am directed by Government to do so, I will make over the land required.

No. 189. ORDER THEREON, 8th August 1876, No. 2,044.

RAILWAY, No. 21-A.

HIS GRACE the Governor in Council is of opinion that the appropriation, for building purposes, of the portion of the

Judge's compound marked 1 in the plan would obstruct the free circulation of air, and be detrimental therefore to the healthiness of the house as a residence. So long as the building is occupied by either the Judge or Collector no portion of the compound should be taken up except as an imperative necessity. That necessity has not, in the opinion of His Grace in Council, been at present proved to exist. The existing roadway can, if required, be increased to double its present width and still allow of the proposed Staff bungalow being erected on the land already in possession of the Company; while the Inspector's quarters can, by being thrown a few yards forward, be built quite close to the site proposed without taking up any portion of the Judge's compound.

2. The plots marked 2 and 3 on the plan should be acquired. His Excellency the Governor would not have thought that the Staff bungalow necessarily needed rebuilding, from what he saw of it last February.

(True Extract.)

Consulting Engineer for Railways.

SIR,

Referring to your letter of the 9th of September last at p. 784, giving cover to a copy of the Proceedings of Government in which the Governor in Council directed that the purchase of Cochrane's Bungalow be deferred. I have the honour to request that you will be so good as to let me know whether it is probable that the bungalow referred to can be acquired by the Company at an early date. In the event of there being no such probability the Acting Chief Engineer proposes to make other arrangements which will necessitate the property being placed in possession of the land & bungalow the accompanying plan and schedule, and, if necessary, I shall be much obliged if you will take steps to have the land transferred to us.

2. Mr. Robinson writes to me as follows upon the subject:-

"In the absence of any other suitable sites it will be necessary to take a portion of

23
the compound of Cochran's Bungalows & Chai-
"nies which will not at all affect the comfort
"or convenience of the occupier. In order to square
"the Railway Compound and keep matters at
"a distance I propose to take up some waste
"land to the South and on both sides of the line
"as also a piece between the Assistant In-
"spector's and the Driver's quarters.

"There are three Bungalows required
"at Guddapah - a staff Bungalow, an Inspector's
"and one for Puants. The latter is already con-
"structed but owing to the Consulting Physician's
"recommendation that all Bungalows at
"Guddapah are to have the floor 3 feet from
"the ground, the estimate will have to be revised.
"This Bungalow I propose building on the
"present Signaller's Bungalow as marked on
"plans.

"The present staff Bungalow is thatched
"and is infested with white ants (the walls being
"built of mud) that it is not worth retaining.
"A new one should be built further back on the
"strip of land before referred to. The proposed
"site is marked on the Plan.

"The Inspector formerly resided at
"Ootimettah in a Cochran Bungalow which has
"been since pulled down. He is now living in
"an out-office attached to the staff Bungalow
"at Guddapah.

It is interesting to find that the
land is so distinct, inasmuch that
he has asked the Deputy Commr
to arrange for the land to be
of the waste land marked 293
on the drawing on which with
the above, and that the land
is 101 cannot be transferred
will finally decide.

Rep. to D.D. 23/6/76
Agent to Gov. d/d.

3 As regards this, it forms
a portion of the compound in
which the house of the Judge is
situated. As I have already had
the honor of informing you, Mr.
Mr. Frickshank says that if he is
consulted in the matter he objects to
any portion of the compound being
given. We marked out the portion
and showed it to Mr. Frickshank,
who however still declines to withdraw
his objection. I am of opinion that
there is no reasonable objection to the
land being given over. The compound
is a large one, and the piece now required
will leave a clear space between the
God owns and the railway portion,
of one chain less 3 feet. Mr. Frickshank
having, however, been consulted in
the matter I beg to be informed
whether his objection is to be taken

into consideration or not. If it is to
be overruled I am prepared to put
Mr. Stewart in possession at any
moment.

De Collecti
Acting Collector

RAILWAY DEPARTMENT.

CONSULTING ENGINEER'S OFFICE,

Madras, 28th July 1876.

No. 369

From

LIEUT. COLONEL J. H. M. SHAW-STEWART, R.E.,

Consulting Engineer for Railways,

To

MAJOR-GENERAL G. W. WALKER, R.E.,

Secretary to Government,

Public Works Department,

Fort Saint George.

Sir,

In their Order No 1436

dated 19th June 1875, the Government approved of the proposals brought forward by the Madras Railway Company for the purchase of a house and compound adjoining the station at Bud-dapah, and adapting the same to serve the purposes of a staff bungalow, the godowns being utilised for guard's barracks.

Subsequently

M. 5415/26

From the Collector of
Madras
to the Consulting Engineer
for Railways
Dated 8th July 1876
No. 103
The request to refer the matter
to Govt. was stated in para 2
of the letter of the 11th April
1876 No 266, and on receipt
of orders on that subject
the land will be made
over to the Madras Ry. Co.

2

Subsequently, however, upon a representation made by the then Collector of the district, the Government directed that the purchase of the above premises be deferred.

G.B. No 2466
29 Aug 1875.

3

The provision of increased accommodation at Luddasah can be ^{no} longer deferred, and the Railway Authorities ask that a small strip of the compound may be transferred to them as a site for the new buildings. The Chief Engineer writes as follows: "In the absence of any other suitable site it will be necessary to take a portion of the compound of Eshwar's bungalow 2 chains wide which

which will not at all affect the comfort or convenience of the occupier".

It will be observed from the correspondence herewith submitted that the Collector is of opinion that there is no reasonable objection to the land being given over to the Railway Company, and that its transfer will affect neither the comfort nor convenience of the occupier of the bungalow. Mr. Spribble adds that "the compound is a large one and the piece now required will leave a clear space between the godowns and the railway portion of one chain less 3 feet". The district judge who occupies the bungalow

From Agent No 29, d/24-3-76.
Collector No 5 d/14-4-76.
No 6 d/22-4-76
No 9 d/13-5-76
No 11 d/24-6-76
No 16 d/30-6-76
No 17 d/19-7-76

63 feet

bungalow at present is, however, adverse
to the Railway Company having any
portion of the compound handed over
to them and considers that the line
already runs too near the buildings. The
Collector believes that the proprietor
has no objection to part with the
land in question and under the cir-
cumstances I have the honour to request
that I may be favoured with the
Order of Government on the subject.

5. A plan of the station
ground is herewith submitted, on
which is shown the strip of land
which it is proposed to acquire, as
stated by Mr. Gribble the godowns are

paragraph 3
letter No 17
8 July/76

63 feet from the boundary line, and
the house is a considerable distance
beyond the godowns. The whole of the
land on the opposite side of the station
yard is low and unsuitable for build-
ing purposes. Under the circumstances
I am of opinion that the land now
applied for forms the only suitable site
in the vicinity of the station, and
that the objection of the District Judge
can hardly be considered unreasonable
one.

6. I beg that the tracing
may be returned when no longer
required.

I have the honour to be

a portion of the envelope
 containing documents
 being also at Bulda-pah

of the Compound - &
should not be taken
without imperative necessity
That necessity I do not think
exists -

If it be needed to
increase the width of roadway
it can be done without
interfering with Staff Quarters

And the Inspector proposed
two quarters can be built
readily when proposed - without
the necessity of taking any part
of the Judge's compound by
preparing the building a few
years ago under which will
interfere with nothing -

The plots 2 & 3. Should
be ~~sanctioned~~ sanctioned &
Plot 1. not -

PROCEEDINGS of the MADRAS GOVERNMENT.

UNDER date the 8th Aug 1876
Read the following:-

The Consulting Engineer for
Railways

H.E. No. 369 dated 28th July 1876.

His Grace the Governor in
Council is of opinion that the ap-
propriation, for building purposes,
of the portion of the Judge's compound
marked I in the Plan would obstruct
the free circulation of air, and be
detrimental therefore to the healthiness
of the house as a residence. So
long as the building is occupied by
either the Judge or Collector no portion
of the compound should be taken
up except as an imperative ne-
cessity. That necessity does not,
in the opinion of His Grace in Council,
at present exist. The existing
roadway can, if required, be increased
to

The present case
does not present the necessity
of the machinery of the
beam

to double its present width and still
allow of the proposed staff bungalow
being erected on the land already in
possession of the Company, while the
Inspector's quarters can, by being
thrown a few yards forward, be
erected quite close to the site pro-
posed without taking up any
portion of the Judge's compound.

The plots marked 2 and 3 on the
plan should be acquired.

The Govt. would not have thought that the staff
Mess was necessary.

needed rebuilding.

from what he said of it.
