*Proceedings of the Madras Government, Public Works Department,
9th August 1876. No. 2,050.*

No. 200. Read the following letter from Captain L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 2nd August 1876, No. 143-W:—

With reference to paragraph 2 of G.O., No. 1,712, dated 5th July 1876, I have the honor respectfully to point out that the Military Exchange Accounts for February 1876 were not received in this office until the 4th May 1876, so that it was not possible for this office to communicate the debit to the Executive Officer, Cannanore Division, prior to the District Engineer's reference to Government which it will be noticed bears date the 25th April 1876.

2. Although received too late to stop the reference to Government, it was not too late to stop the issue of a Government order which, under the circumstances known to this office, was then both incorrect and unnecessary, and I consequently brought the matter to notice, as it appeared to me to be another of those frequent cases in which so much time and labor could be saved by the offices of the Secretary to Government and the Examiner working more in concert according to the system indicated by the Government of India, and so cordially accepted by this Government.

No. 201. ORDER THEREON, 9th August 1876, No. 2,050.

ACCOUNT, No. 19.

ORDERED to be recorded.

2. District Engineers are instructed in future to make all references such as are noticed in this correspondence through the Examiner's Office.
