Government of Madras

Public Works DEPARTMENT

G.O. No.	2114	(Ry)	Press
B.P. No.			Mis.
Dated	15	8	1876

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
15th August 1876. No. 2,114.*

No. 324. Read the following letter from W. C. FURNIVALL, Esq., Under Secretary to the Government of India, Public Works Department, (Railway,) to Major-General G. W. WALKER, R.E., Secretary to the Government of Madras, Public Works Department, (Railway,) dated Simla, 4th August 1876, No. 1,982 R. :—

I AM directed to acknowledge the receipt of your letter, No. 1,434, dated the 9th June 1876, furnishing explanation on the points noticed in connection with the Review of the Revenue Account of the Madras Railway for the half-year ending 31st December 1874.

2. In reply, I am to state that as from one-third to two-fifths of the mileage on the Madras Railway is run with coal, the Government of India concur in the opinion expressed by the Consulting Engineer that it will be well to show separately the weight of coal used by coal-burning engines and that of wood by wood-burners.

3. With reference to paragraph 4 of Consulting Engineer's letter, No. 274, dated the 5th June 1876, stating that particulars of the second and third class carriage compartments specially set apart for the use of the travelling post office are now being given at the foot of Form No. XII of the Revenue Account, I am to remark that the information given in the last received Revenue Account which is for the second-half of 1875, does not furnish all the particulars which are required for our compiled statistics, and I am accordingly to request that in the review for the second-half of 1875, it may be stated what proportion of each of the vehicles shown at foot of Statement No. XII of the Revenue Account is set apart for the carriage of mails, *i.e.*, whether $\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$, or $\frac{1}{5}$, &c.

No. 325. ORDER THEREON, 15th August 1876, No. 2,114.

RAILWAY, No. 35.

COMMUNICATED to the Consulting Engineer for Railways for information and future guidance.

(True Extract.)
