*Proceedings of the Madras Government, Public Works Department,
16th August 1876. No. 2,134.*

No. 360. Read the following letter from W. LEGGATT, Esq., A.I.C.E., Officiating District Engineer, Bellary, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Bellary, 2nd August 1876, No. 1,551 :—

I HAVE the honor to report, for your information, that at the request of the Brigadier-General Commanding Ceded Districts, the water stored in the Alipore tank was let down into Fischer's tank, Native Infantry Goontah, and the Fort ditch on the 29th ultimo. The Bellary Range Officer has reported that, previous to the raising of the sluice shutter, there was a depth of $9\frac{1}{2}$ feet of water above the floor of the sluice.

No. 361. ORDER THEREON, 16th August 1876, No. 2,134.

MILITARY WORKS, No. 13-A.

ORDERED to be recorded.

(True Extract.)

Colonel,
Offg. Under Secy. to Govt., P.W.D.

To the District Engineer, Bellary
„ Military Department.
