G.O. No.	2165	Press
B.P. No.		Mis.
Dated	28-8-	195-.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
13th August 1876. No 2,165*

Read the following —

N 420 Statements of Saving and Demands from District Engineers
From Captain L CONWAY-GORDON, R E, Examiner of Public Works Accounts,
to Major-General G W WALKER, R E, Secretary to Government, Public
Works Department, dated Fort St George, 3rd August 1876, No 145-W.

I HAVE the honor to draw the attention of Government to the necessity of
appropriating funds for incomplete Irrigation works not included in the Budget of
the current year

2 The Public Works Code, Chapter 16, Section I, paragraph 60, requires that
such appropriations shall be made as soon as possible after the beginning of the official
year Four months have now elapsed and no appropriations have yet been made

No 421. ORDER THEREON, 18th August 1876, No 2,165

IRRIGATION, No 43-A

Account.

THE Incomplete Works of 1875-76
under the Irrigation head of service reported
on by the several Superintending and
District Engineers are shown in the following
statement —

Districts	Number of Item	Work	Amount of Estimate	No and Date of Sanction	Past Expenditure	Balance of Estimate	Amount applied for by the District Engineers	Amount appropriated

		<i>Total</i>			63,700		61,410	20,000
							50,508	

2 The following orders are passed on the several items included
Capital, Extraordinary—Items 1 to 4—The District Engineer, Kistna, will report what grants of the 1876-77 Budget he can give up for these works

Item 5—No funds can be placed at the District Engineer's disposal until orders are passed on the revised estimates, unless the District Engineer can show that there is emergent work to be done

Tools and Plant—Items 6 to 10—These are provided for in the Budget of 1876-77 under Capital, Extraordinary, and the several amounts applied for amounting to

Rupees 8,894 are appropriated from the lump sum district grant, and transferred to the District Engineer to complete them

Ordinary Agricultural—Items 18, 19, 21, 22, 23, 24, 26, 28, 29, and 31—These works must be completed from the grants for Minor New Works for the several districts concerned If balances are not available for appropriation, reappropriations must be made or the works must be stopped at the discretion of the District Engineers

The amount applied for for item 19 includes that required for repairs which will be met from the district grant to the extent found expedient by the District Engineer

Item 20—No funds can be allotted until the revised estimate is sanctioned

Proceedings of the Madras Government, Public Works Department,
18th August 1876. No 2,165

Items 25,* 27,* 30,† and 32 †—For these no funds are available. They should

* Contribution
† Gravelly

have been provided for as Major Works in the Budget, and the works cannot be continued. Any expenditure already

incurred must be met from the district grant for Minor New Works.

3 The following is a list of the Major New Works not commenced but recommended by District Officers for execution in 1876-77 —

District	No.	Work	Amount of Estimate	No. and Date of Order sanctioning the Estimate	Amount ap- proved for by the District Engineer	Amount ap- propriated
		ORDINARY AGRICULTURAL, ORIGINAL WORKS			RS	RS
Coimbatore	1	Constructing head sluice for the Irigoor channel	3,000	Budget Item No 40 of 1875-76	3,000	—
Do	2	Do do Volalore channel	3,000	Do No 47	3,000	—
Chingleput	3	Constructing a surplus weir and new revetment and backing to Colalam tank	1,000	G.O. No 3,011, of 27th Oct 1875	1,000	—
Kurnool	4	Constructing a new surplus weir to Kondamavipally Chinnaraju tank.	5,480	Do No 73 of 11th Jan 1876	5,480	—
		Total	—		12,540	—

Coimbatore

For items 1 and 2 no provision can be made. They should have been entered in the Budget.

Item 3 (a minor work) must be carried out from the Minor New Works grant at the disposal of the District Engineer.

Chingleput

Item 4 (Kurnool) will be carried out from the district Minor New Works grant,

* G.O., No 1,969, dated 2nd August 1876

which has been supplemented* for the purpose, reappropriations being made so far as necessary.

4 District Engineers will be at liberty to propose transfers to enable works for which Government have not been able to provide funds to be carried out.

5 The several reductions and increases of grants by transfer are shown in the following statement —

Item Number in No 1 Statement	Funds, Classes, Works	Amount
	CAPITAL, ORDINARY INCREASE	RS
11	Constructing a shutter and gearing for Dow-lushweram under sluice	400
12	Constructing experimental set of gearing for working Vijalshweram under sluice	1,100
	Total	1,500

Proceedings of the Madras Government, Public Works Department,
18th August 1876. No 2,165

Item Number in No 1 Statement	Funds, Classes, Works	Amount.
	NIZAMPATAM CANAL EAST SIDE CHANNEL	RS
13	Head sluice improvements	3,010
14	Minor sluices	492
15	Extension of the side channel	—
	PULIERT	
16	Lingala drain in Kykalur Sub-division	1,189
17	Seevagunga drainage channel	791
	Total ..	6,982
	ORDINARY AGRICULTURAL DECREASE	
	Nundial tank	3,502
	Minor works grant at disposal of Government	3,480
	Total ..	6,982

These reappropriations are made subject to the approval of the Government of India to whom a statement in the usual form will be sent.

Remarks in blank are not for printing
Statement & Sh. be submitted in S.P.

The following is a list of ³ Major new works not commenced but recommended by District Officers for execution in 1876-77.

No. 2-
Statement of New Works estimated to cost more than Rupees 2,500 each which have not been commenced, but which are recommended for execution in 1876-77

District	Work	Amount of Estimate	No. and Date of Order sanctioning the Estimate	Amount applied for by the District Engineer	Amount appropriated
Coimbatore Do Chingleput	Capital—Ordinary Constructing head sluice for the Irigoor channel	Rs 3,000	Budget Item No 46 of 1875 76	Rs 3,000	Rs
	Do do Vellalore channel	3,000	Do No 47	3,000	
	Constructing a surplus weir and new revetment and backing to Chitalam tank	1,060	G.O., No 3,031, of 27th Oct 1875	1,060	
Kurnool	Constructing a new surplus weir to Kondamayapully Chinnaraju tank	5,480	Do No 73 of 14th Jan 1876	5,480	
	Total				

I have indicated how funds can be provided for some of the works in these lists - For many however no funds available & even as it is a good deal of money, further in the new grants will be diverted to what are major works. I think as much as possible of the new grants at disposal Govt should be kept for works of this class - I will not write the Govt to decide whether an application should be made to Govt for an additional grant after D.Os have stated whether they can get any money available for transfer.

Resd to Govt 6-8-76.

CHIEF ENGINEER FOR IRRIGATION

Madras,

16-0

1876

OFFICE NOTE

To: Dept.

What with the G. & F.
Code & the numerous letters
Circulars about provisions
of G. & F. to paper is such
that estimates & to be
appropriate or not to be
appropriate & the changes
in Budget Arrangements,
Chapfman & terms
as use since the G. & F.
Code was last revised
it seems to me to be
difficult to find out
what can & what cannot
be done without reference
to the law. — Your note
on sample works
Statement seems to be

to be not altogether in
accordance with Indian
Code rules although it
may be of course with later
circumstances. For say we
cannot here appropriate
from Minor W. Grant to Major
Works unless for a work-as?
in the budget of the year,
but Code says I find no,
for works expected to be
but not completed during
the previous year. Also (note) x

that I find can appropriate
from M. N. W. & for
Works not in budget if
under W 10000 in value.

Probably this is
intended to be
abolished by
Circular below.

Marginal note in Indian Circular
No. 48 of 10 July 1894.

Restricts I find from
making re-appropriations
involving transfers between
funds under irregular
heads of service. - If this
is so we can't appropriate

from Minor New Works
Ordinary. Agreed to
to Major Works Capital
Ordinary as has been
done without Indian
Sanction.

I have made out a
Statement of re-appropriation
keeping & I should be
much obliged if you would
look it over. I have
told Mr. Rodriguez to
take it to you. The
draft is in circulation
& will go down if approved
to be circulated with
these statements -

The disposal hand letter
be now & in future I
think "1" a Schedule of
demands "2" a Review
of the demands "3"
a Statement in usual
form of re-appropriation.

to much demands as
for as admitted -

If there is anything in
draft - a word to
alter or add you
could make the addition.
I don't say, S. J. Am
Appropriation is made
in draft for a District
for M. N. W. already at
disposal of W. It would
perhaps be more correct
to resume the necessary
amount to p. for a District -
We don't want to have
it up here again if it
can be avoided.

S. J. Am
16. P

I am very sorry to have to
send the note back, but
after talking the matter

over with C it seemed the
only thing to be done.

2. According to the usual,
and I think reasonable, under-
standing in these matters
you ^{is. got} cannot appropriate from
allotments placed at the disposal
of S. J. without saying by
you leave or any thing.
All that you can do is to
resume any part of these
allotments known to be
as yet unappropriated by them.

Of course if they can arrange
to give resume any part of
their appropriations unexpended
by the Executive Office, you can
afterwards resume that also.
But if you are to make
appropriations from their
known allotments, without
knowing the balance available

The result must inevitably
be confusion. Two people
cannot appropriate from
one allotment.

3. In the present case, for
instance you have appropriated
from the allotment of the D.L.R.
a sum larger than his balance
at the end of July; by the
time he gets the order, say
a fortnight hence, he may
have appropriated the whole
of his allotment, and it
may be impossible for him
to withdraw any of his
appropriation.

4. You still have a considerable
sum for Miss New Wicks,
(Ord. Agl.) at the disposal
of just now; and this seems to
be the proper source from
which to appropriate. After

that, if you think your
residue insufficient, you
can resume from D.L. allotments
such amounts as are ^{still} ~~are~~ ^{resumable}.
But the D.L.'s allotments are
not unrecorded at your
disposal. Allotments and
appropriations are a farce if
no man ^{can} know ~~at any time~~
what his allotment or his
appropriation is at any time.

5. I think that as you say
the standard form of disposal
should be

- (1) a statement of demands
- (2) a review
- (3) a statement of re-appropriation

but from (2) the review I would
very much exclude anything
like ~~repetition~~ repetition in a
narrative form of facts and
figures which can be much
more clearly shown in the

Tabular Statement (3).

6. With regard to the form for (3) I would not show increases and reductions side by side.

It makes the form unusually wide from after finishing the column for Works, Grants etc to unreasonably narrow dimensions, and it is quite unnecessary. Also your office prepares these statements in a manner which is unusually confusing. All that is necessary is that the amount taken from ^{added to} each work should be distinctly shown, and that the ^{total} additions or reductions should be equal for each head within which transfers can be made. The following abbreviated specimen showing the statement

just as it is prepared; and then as it might be prepared with explanation what I mean

Statement as it is prepared

Increase		Reduction	
Funds, Grants, works etc	Amount	Funds, Grants, works etc	Amount
Capital		Ordinary	
A work	50	2 work	50
do do	25	Y "	25
do do	25	X "	25
B work	150	do do	100
		W do	25
Total Exp. only 250		Total (Exp. & Ord.) 250	

Statement as it might be

Funds, Grants, Works etc	Amount
Increase	
Capital Ordinary	
Increase	
A. Work	400
B. "	150
Total	250
Reductions	
2 Work	50
Y "	25
X "	125
W "	25
Total Reductions	250

I think this arrangement
would admit of a more
convenient 'Form'. What
do you think?

7. With regard to local govt.
power of making re-
-appropriation I really do
not feel at all certain of
anything except that they
cannot ^{make} transfer from Capital
Revenue, and ordinary expenditure,
and that unless a work has
been shown in the budget as
coming under one of the
classes A, B, or C (and has
not been disapproved of India).
the L.G. cannot allow it to
be undertaken. But everything
is in confusion. When we
get together in a month
or two we can easily settle the
matters to be put before India, &
in the mean while do as best we
can.

8. I have made some pencil
notes on your draft of 11. What
I think requires notice. Specially
with regard to the in-
-crease of item 2. The
work referred to as items 25, 27,
30 & 32 are I suppose incomplete
works in which expenditure
is being incurred. Provision
must therefore be made for
them. There is a considerable
sum under Provision for
works at disposal of govt.
I do not understand, however
how it can be said that no
funds are available; but if
funds are not available the
works ought to be stopped.
In fact, I believe have said
themselves that they cannot give
money, and ^{that} if they don't
the present grant must be made
to do.
P.S. I am very truly
yours
Cecil

out their objections before;
but the fact is that Mr. Rodriguez brought me
the paper yesterday, and
among them the statement
of appropriations which I
had not seen before; I did
not properly understand
the case.

And
22.02

P.S. I have just got the figures
and I give them. They speak
for themselves.

District	Balance end of July	Appropriations 5 Sept. - end of Sept. to 2.
N.A.	5,562	10,510
S.A.	11,177	2,131
T.C.	-	792
T.N.	7,087	672
K.R.	1,224	5,480

if after allowing
for G.O. 1969
of 2.8.76

The sum in T.C. will of course
be noted officially.

In these cases out of five the
funds which you want to appro-
priate a fortnight hence, were
appropriated by Ds a month ago;
a fortnight hence the other Ds may be
in the same case. - And 22.8.

The Govt. should not
have intended
by me to appropriate from
District funds - Ds are
to be told that they must
find money from their
District funds to complete
works for which the Govt
cannot appropriate from
the Reserve, either from
balances or by appropriation.
Otherwise the works must
be stopped - The small
balance at disposal of
Govt. cannot be made available
to remedy the completion of
Ds in not completing works
last year & in making no
provision in Budget

by 25/8

By planning Museum

Before circulating the
drafts despatch of the
statement of incomplete
works, which has been
approved of by the Govt
the papers were in
accordance with orders
forwarded to the Dy. Commr
to be looked into. Owing
to some of the papers
being absent, the case
was misunderstood
& the Dy. Commr did
not in the first instance
raise objections on

technical grounds
to the disposal. As
has since done so +
a revised draft is
therefore submitted

Explanatory Memorandum

No 2165 Public Works Department

PROCEEDINGS of the MADRAS GOVERNMENT.

Under date the 18th Aug/76

Read the following. —

Statements of Incomplete Irrigation Works
for 1875-76:

From the Examiner, Per C.A. (H.E. No 1456 of 3rd Aug/76)

MR

The incomplete works
of 1875-76 under the Irrigation
head of service reported on by
the several Superintending
and District Engineers are
shown in the following state-
ment.

2. The following orders
are passed on the several
items included

Inspector Extraordinary.
Items 1 to 4. The District
Engineer

Engineer, Kistna, will report what grants of the 1876-77 Budget he can give up for these works, and if none are available he should furnish such explanations as will admit of an application being made to the Govt of India for funds.

Item 5. No funds can be placed at the District Engineer's disposal until orders are passed on the revised estimates unless the District Engineer can show that there is emergent work to be done.

South Arcot.

Tools and Plant

Items 6 to 10. There are provided for in the Budget of 1876-77 under Capital Extraordinary and the several amounts applied for amounting to Rs 8894 are appropriated

from

Godavery

Godavery

Consent to statement

Consent to statement of transfer of amount and will not deduct here.

from the lump sum District grant and transferred to the District Engineer to complete them.

Capital Ordinary

Items 11 & 12. The necessary transfer and allotment will be made from the

Minor New Works grant under Ordinary Agricultural at the disposal of Govt.

Items 13 to 15. The District Engineer, Kurnool, reports that the provision in the

Budget of 1876-77 for Municipal Tax item No 23 was Rs 3502 in excess

of the unexpended balance of the estimate at the end of the previous year. The

sum in question will be appropriated and transferred to the District Engineer, Godavery

for

for expenditure at these works.
No other funds are available
at present.

Items 16 & 17. For these the
necessary transfer and allot-
ment will be made from
the grant for Minor New
Works under Ordinary Agri-
cultural at the disposal of
Govt.

Ordinary Agricultural

Items 18, 19, 21, 22, 23, 24, 26, 28,
29, 31. These works must
be completed from the grants
for Minor New Works for
the several Districts con-
cerned. Appropriations are
now made to the amounts
shown on the list below for
works of the Major Class
and those for Minor works
will be recorded by the
District Engineers in the
usual course. The amount
applied for, for item 19
includes

Kistna. 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 35 36 37 38 39 40 41 42 43 44 45 46 47 48 49 50 51 52 53 54 55 56 57 58 59 60 61 62 63 64 65 66 67 68 69 70 71 72 73 74 75 76 77 78 79 80 81 82 83 84 85 86 87 88 89 90 91 92 93 94 95 96 97 98 99 100

Statements of Incomplete Works for 1875-76
From the Engineer of P.W. Works (H.E. No 14515/3rd Aug/76)

The incomplete
Works of 1875-76 under the
Irrigation head of Service
reported on by the Personal
Superintending and District
Engineers are shown in
the following Statement.

2. The following orders
are passed on the several
items included.

Capital Extraordinary
Items 1 to 4. The District
Engineer, Kistna, will report
what grants of the 1876-77

District Engineer.

Item 20. No funds can be allotted until the revised estimate is sanctioned.

Items 25, 27, 30, 32. For these no funds are available. They should have been provided for as Major Works in the Budget, and the works cannot be continued.

+ Coimbatore
+ Godavery

Any expenditure already incurred must be met from the District Grant for Minor New Works.

3. The following is a list of the Major New Works not commenced but recommended by District Officers for execution in 1876-77.

Coimbatore.

Chingleput

+ 8000 1969 2nd Aug/76

For Items 1 and 2 no provision can be made. They should have been entered in the Budget. Item 3 (a Minor work) must be carried out from the Minor New Works grant at the disposal of the District Engineer.

Item 4. (Kurnool) will be carried out from the District Minor New Works grant, which has been supplemented for the purpose, reappropriations being made so far as necessary.

4. District Engineers will be at liberty to propose transfers to enable works for which Government have not been able to

provide funds to be
carried out.

5 The general reductions
and increases of grants by
transfer are shown in the
following statement:

These reappropriations are
made subject to the ap-
proval of the Government
of India to whom a
statement in the usual
form will be sent.
