*Proceedings of the Madras Government, Public Works Department,
24th August 1876. No. 2,249.*

No. 573. Read the following letter from Major P. MONTGOMERIE, R.E.,
Officiating District Engineer, Presidency, to Major-General G. W. WALKER,
R.E., Secretary to Government, Public Works Department, dated Fort St.
George, 13th July 1876, No. 1,924 :—

I HAVE the honor to submit, for sanction of Government and allotment of funds, a
plan and estimate, amounting to Rupees 426, for raising the roof and floor of the office
of the retail godown of the Commissariat Department, Black Town, which were
prepared at the request of the Commissary-General and approved of by that officer and
by His Excellency the Commander-in-Chief.

2. The height of the roof at present is very low, being only 7 feet above the
floor; and the floor is 1 foot below the level of the surface of the ground outside.
The godown is therefore very hot, and the floor is liable to be flooded to the depth of
at least 12 inches during rainy season.

No. 573-A. From the same Officer, dated 15th August 1876, No. 2,617.

No. 574. ORDER THEREON, 24th August 1876, No. 2,249.

MILITARY WORKS, No. 23.

(a) Head of Service.—Imperial.
Fund.—Ordinary.
Class.—Original Works.
Main-head.—Military.
Sub-head.—Commissariat Buildings.
Name of Work.—Raising roof and floor of retail
Godowns, Black Town, Madras.
Amount.—Rupees 426.
To be carried out by the Public Works Department.

THE estimate of Rupees 426, for rais-
ing the roof and floor of the office of
the retail godowns, Commissariat Depart-
ment, Black Town, Madras, is sanctioned.

2. The District Engineer will carry
out the work should he be able to provide
the funds.

3. This sanction has been registered
as Imperial No. 68-W. of 1876-77.

(True Extract.)

With this note
shown in the
plan would seem
to imply that
the work of the
contemplated to be
situated in the
to meet the
return of drawings
this arrangement
entailed such
was to be a good

made

No. 7 639 727 July 1870

MEMORANDUM.

Letter Number 1924
dated the 13 July 1870
from the District Engineer of Providence

It is without a specific
citation it is not under-
stood how the drainage
of the building which
is rear of the galley
to be improved is
to be disposed of.
Evidently the existing
building was
constructed with
exit to provide for
drainage
passing over it.
The point here is
that it would seem
to be simply that
some sort of trap
is contemplated to be
constructed as the
work to meet the
question of drainage
but this arrangement
would be such
as to be a good

made

No order W
25-7

Specification to accompany a plan and
estimate for raising the roof and floor of the
Office of the Retail Godown, Commercianat
Department. and with it on. 1st. 1st. 1st.

Amount of Estimate Rs 126-0-0

1st. 1st. 1st.

The existing floor is below the level
of the ground and the roof is very low. To prevent
the room being flooded in wet weather, and hot
in the warm season, it is proposed to raise the
floor above the ground level and to raise the roof
sufficiently high to make the place habitable.

The walls are to be rose with brick
in mortar and plastered with 2 coats of chunam.
The flooring is to be made of a leveling course
of lime. Then concrete and plastered with Port-
land Cement.

There is to be a shade over each door
resting on teak posts and covered with Bengal
terrace. The roof is to be Bengal terrace
made in the ordinary way using the old
rafters and ruses.

The drainage of the roof of the
old building that will come against the wall
of the Office is to be carried out, half to one side
and half to the other, by means of a drain
made

made of flat tiles and Portland Cement
 Dimensions. You will be furnished
 in detail in the plan and estimate.
