*Proceedings of the Madras Government, Public Works Department,
30th August 1876 No. 2,290.*

No 651 Read the following Proceedings of the Madras Government in the Financial Department, dated 7th August 1876, No 1,415 —

ABSTRACT — *Educational Building Fund* — Rupees 1,20,000 ordered to be diverted from the Capital of the Educational Building Fund to meet certain demands, in supersession of the sanction accorded in paragraph 17 of G O, dated 15th January last, and the Consulting Architect directed to furnish completion estimate for the Senate-house.

No. 652. ORDER THEREON, 30th August 1876, No. 2,290.

CIVIL WORKS, No. 55-A.

RECORDED and communicated to the Examiner of Public Works Accounts, the District Engineers, Cuddapah and

Vizagapatam, and the Consulting Architect. The last named officer will supply as early as practicable the estimates called for in paragraph 4.

2 It is observed that the estimate of Rupees 4,650 for the Zillah School-house at Cuddapah, sanctioned in G O, No 689, dated 17th March 1876, does not include provision for Public Works supervision as supposed by the Director of Public Instruction. An additional sum of Rupees 1,162 on this account will therefore have to be placed at the disposal of the Public Works Department.

3 The sanctioned estimate for the Taluq School at Ankapillay amounts* to Rupees 3,825. Adding to this the percentage (Rupees 956) for establishment charges, the total sum is Rupees 4,781 as shown by the Director of Public Instruction in paragraph 7 of his letter, No. 2,080, dated 21st July 1876

Educational Building Fund.

No 60. *Read the following letter from Colonel R M. MACDONALD, Director of Public Instruction, to the Hon W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 21st July 1876, No 2080 —*

In G O; No 689, of the 17th March 1876, Public Works Department, an estimate of Rupees 4,650, including superintendence, was sanctioned for repairing the Zillah Schoolhouse at Cuddapah, and I was directed to report whether funds were available

2 In G.O, No 1362, of the 1st June 1876, a revised estimate of Rs 3,825 was sanctioned for building a Taluq Schoolhouse at Ankapilly, and I was directed to state the source from which it was proposed to provide funds

3 In paragraph 21 of my letter, No 2837, of the 28th December 1875, submitting the Budget Estimates, I entered into some details regarding the Educational Building Fund, and showed that it would be necessary to divert a large sum from capital to meet the demands of 1876-77. Having recently received from the Accountant-General a complete account of the expenditure on buildings during the year which has closed, I am now in a position to reply to the above orders

4. It will be seen from the Accountant-General's Statement, No 2419, of the 8th June 1876, that the total amount diverted from capital in 1875-76 was Rupees 55,500, of which Rupees 42,000 was the sum referred to in the letter above mentioned, and Rupees 13,500 was the sum transferred under G.O, No 223, of the 15th July 1875, for the laboratory of the Presidency College. The capital was therefore reduced during the year from Rupees 4,85,000 to Rupees 4,29,500.

5. According to this statement the approximate balance at debit, on the 31st March 1876, was Rupees 18,204-11-7. The detailed list furnished by the Examiner of Public Works Accounts shows however that some items have been wrongly debited to this department. These items, which are entered in red ink, amount to Rupees 1,161. The real balance at debit appears therefore to be Rupees 17,043-11-7.

6. The amount would have been much larger if all the works sanctioned had been completed. The Senate-house was however not finished, and no expenditure was incurred in connexion with the Zillah Schoolhouse at Cuddapah, and the Taluq Schoolhouse at Ankapilly although the original estimates had been sanctioned in G Os, No 1240, of the 3rd May 1875, and No 130 of the 17th June 1875. The building-grants to aided schools were not all taken up, and the amount allotted for repairs was not fully expended.

*Proceedings of the Madras Government, Financial Department,
7th August 1876. No 1415.*

7. On referring to G O. in the Public Works Department, No 952, of the 10th April 1876, and the Department of Public Works Budget Estimate for 1876-77, it will be seen that provision has been made for the following expenditure.—

<i>Original Buildings</i>		RS
Senate-house		34,510
Presidency College Laboratory		14,314
Zillah School of Berhampore		5,000
Anglo-Vernacular School of Ongole		8,100
Taluq School, Dharampury		3,840
Anglo-Vernacular School, Chowghat		4,420
	Total ..	70,184
Add Repairs		10,400
Add Establishment		20,146
	Grand Total ..	1,00,730

To this must be added the following sums.—

I Public Works Buildings

	RS
Zillah School, Cuddapah, including Establishment	4,650
Taluq School, Ankapilly, ..	4,781
Total	9,431

II Building Grants to Aided Schools in Educational Budget

	RS
Trichinopoly S P. G. School ..	7,350
Anglo-Vernacular School, Sholavandum ..	440
Total	7,790

The total amount required for the year will therefore be as shown below.—

	RS	A	P
Amount at debit	17,043	11	7
As per Department Public Works Budget ..	1,00,730	0	0
Additions to Department Public Works Budget ..	9,431	0	0
Building Grants to Aided Schools	7,790	0	0
Total ..	1,34,994	11	7

There will be some small savings as the sanctioned estimates for the Zillah Schoolhouse at Berhampore and the Taluq School at Dharampury are somewhat below the sums budgeted for, and it is probable that all the works entered will not be completed. There will also be interest received, amounting to Rupees 17,180, and there may be some contributions in the way of subscriptions and rewards from the Public Works Department, but I think it will be necessary to divert Rupees 1,20,000 from capital, and if the Government concur in this view, I have the honor to request that the Accountant General may be instructed accordingly.

*Proceedings of the Madras Government, Financial Department,
7th August 1876. No. 1415*

No. 61. ORDER THEREON, 7th August 1876, No. 1415.

It appears from the Director's letter (paragraph 4) that the capital of the Educational Building Fund has been reduced to Rupees 4,29,500, and from paragraph 7 that it is necessary to divert a sum of Rupees 1,20,000 during the year 1876-77 for the purposes specified

2. The Governor in Council authorizes the diversion, in supersession of the sanction accorded in paragraph 17 of G.O., dated 15th January 1876, and directs the Accountant-General to carry it out

3. The Educational Building Fund will be reduced, by the diversion, to Rupees 3,09,500.

4. The most important building now in hand which is dependent on this fund for completion is the Senate house. It is desirable that Government should now have before them an estimate of the probable full amount needed for completing and furnishing the edifice. The Consulting Architect will furnish completion estimate without delay.
