*Proceedings of the Madras Government, Public Works Department,
19th September 1876. No. 2,514.*

No. 332. Read the following endorsement of the Officiating District Engineer, Presidency, dated Fort St. George, 8th September 1876, No. 3,163 :—

From Lieutenant W. L. C. BADDELEY, R E, Assistant Engineer, Southern Range, to Major P. MONTGOMERIE, R E, Officiating District Engineer, Presidency, dated Fort St. George, 7th September 1876, No. 223

I HAVE the honor to ask you to be good enough to forward, for the favorable consideration of Government, the following facts in connection with my conveyance allowance.

2 At present my work is confined to the Southern Range, but on the transfer of Lieutenant Hamilton, R.E., to North Arcot, I shall also have charge of the Fort, Seven Wells, and any works that may be carried out on the beach in connection with the Cooum, &c.

3. I draw conveyance allowance of Rupees 50 per mensem; but, in order to do my work, I have been obliged for some months past to hire two horses and a carriage at a cost of 100 Rupees per mensem, it being quite impracticable to use the same horse throughout the day, both for inspection of works and conveyance to and from the office. I would therefore beg, in consideration of the additional travelling that will be consequent upon the increase to my duties, that I may be allowed to draw double conveyance allowance, as at present I am obliged to spend double the amount allowed me

SUBMITTED for the favorable consideration of the Chief Engineer and Secretary to Government, Public Works Department.

2 It is respectfully stated that although the gharry allowance at present given is sufficient to cover the expenses of coming to office, it is not nearly adequate to cover the actual travelling expenses while going round works at Madras.

(Signed) P. MONTGOMERIE, Major, R.E.,
Offg District Engineer, Presidency.
