*Proceedings of the Madras Government, Public Works Department,
29th January 1876.*

No. 539 Read the following letter from Lieutenant-Colonel J J. McLEOD INNES, R E, Deputy Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to Major-General G. W. WALKER, R E, Secretary to the Government of Madras, Public Works Department, dated Fort William, 14th January 1876, No. 30 A.—I. —

With reference to the Proceedings of the Government of Madras, No 3,549, dated 18th December 1875, reviewing the Budget Estimate of the Madras Irrigation and Canal Company for 1876 77, I am directed to request that a report may be furnished so as to reach this department without fail on the 4th February 1876, of the probable withdrawals from Government Treasury on account of working expenses and the probable payments into Government Treasury on account of revenue receipts of the Company during the year 1875-76

2 I am to add that this estimate should be based on the accounts in the local Accountant-General's office for the first nine months of the year. It will probably be convenient if the estimate were prepared in communication with the Government Examiner and the local Accountant-General, the estimate wanted being one to show the revenue transactions as they will appear in the finance accounts of the Government for the official year 1875-76
