*Proceedings of the Madras Government, Public Works Department,
27th September 1876. No. 2,591.*

No. 473. Read the following letter from Captain L. CONWAY-GORDON, R E, Examiner of Public Works Accounts, to Major-General G W. WALKER, R E, Secretary to Government, Public Works Department, dated Fort St. George, 12th September 1876, No. 220 W —

I HAVE the honor to bring to the notice of Government that, according to the latest Appropriation Returns received in this office, appropriations have been made by the District Engineers of Kistna, Nellore, Tanjore, and Trichinopoly, in excess of the allotments placed at their disposal from the Ordinary Grant for Irrigation Works (as per preliminary issue of Budget) as shown below.—

Districts	To end of	Excess Minor New Works	Appropriation Repairs.
		RS	RS
Kistna	July . . .	604	...
Nellore	Do . . .	1,204	...
Tanjore	Do . . .	3,500	...
Trichinopoly . . .	August . .	3,794	16,667

2 The above figures are based upon the preliminary issue of the Budget It is understood that in the Revised Budget the repair allotment at the disposal of the District Engineer, Trichinopoly, is reduced by Rupees 2,000, which of course increases the real excess.

3 I need hardly point out that very serious financial irregularity is likely to occur, unless early measures are taken for restricting the appropriations of District Engineers to the amounts placed at their disposal.
