A STATEMENT compiled from the above returns will be forwarded to the Chief Engineer for Irrigation with reference to Board's Proceedings, dated 11th May 1874, No. 1,092.

2. *Columns* 2 *and* 3.—The figures entered against Tinnevelly in these columns slightly differ from those entered in the last year's statement. Those now given are reported to be correct.

3 *Column* 4 —The Collector of Vizagapatam omitted to include the cultivation of the taluq of Palcondah rented out to Messrs Arbuthnot and Co. He will be requested to guard against the omission in future.

4. *Columns* 6, 7, 9, 10, 12, *and* 13—The figures given in these columns under the head Government land against the districts noted in the margin do not correspond with the differences between those given for last year and this year in columns 5, 8, and 11 as should be the case. The Collectors have been called upon to explain. The differences seem to be due to some errors in last year's returns
