MADRAS RECORD OFFICE

Government of Madras

Public Works DEPARTMENT

G.O. No.	2666	Press
B.P. No.		Mis.
Dated	3 - 10	1876
		—195—

Not to be folded or roughly handled

No. 46. Read the following letter from Major H. R. MEAD, R.E., District Engineer, South Arcot, to Major-General G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Camp at Cuddalore, 2nd September 1876, No. 101:—

With reference to G.O., No. 232, of 20th April 1875, I have the honor to submit, for the sanction of Government, an estimate of Rupees 10,280, prepared in communication with the Magistrate, and approved by him, for constructing on a separate site a new Sub-Magistrate's Cutcherry and Subsidiary Jail at Trivady.

1 Abstract Estimate.
1 Plan of Latrine.
1 Site-plan.

2. The revised standard design for second-class Taluq Cutcheries, circulated with G.O., No. 642, of 13th March 1876, and specification printed therein, have been *strictly* and without any alteration adopted for the main building, and it is not therefore considered necessary to send up a copy of the plan and specification. For the cook-room the design approved in G.O., No. 1,014, of 20th April 1874, is to be adopted in every respect.

3. For the latrines the standard plan received with G.O., No. 731, of 22nd March 1876, is to be adopted, reducing, however, the number of seats to five in each with reference to the requirements of the station. In the standard design fourteen seats in two rows are provided for each latrine, but the five seats now proposed are to be built in one row. A plan of this arrangement is submitted herewith, which I request may be returned when sanctioned. The specification printed in the Government Order will be adhered to.

4. The site was selected by Messrs. Garstin and Norfor. It is private property, but no provision is made in the estimate for compensation for the same, as the Collector reports that it is not possible to come to any reasonable terms with the owners. It would appear that the land is only worth about 100 Rupees per cawnie, while the owners ask from 300 to 1,000 Rupees. The Collector is therefore of opinion that it will be necessary to put the Act in force as recommended by him to Government (*vide* G.O., No. 128, of 23rd October 1875,) in order to acquire the land. In the estimate I have allowed Rupees 200 as cost of site.

No. 47. ORDER THEREON, 3rd October 1876, No. 2,666.

CIVIL WORKS, No. 1.

(a) *Heads of Service.*—Provincial.
Fund.—Ordinary.
Class.—Original Works.
Main-head.—Civil Buildings.
Sub-head.—B Revenue Department.
Section.—ii, Taluq Cutcheries.
Name of Work.—Taluq Cutcherry and Subsidiary Jail at Trivady.
Amount.—Rupees 10,280.
To be carried out by the Public Works Department.

HIS GRACE the Governor in Council sanctions the estimate of Rupees 10,280 for constructing a second-class Taluq Cutcherry and Subsidiary Jail, with out-buildings, at Trivady in the South Arcot District.

2. It is observed that the Collector has not yet secured the site proposed for the buildings.

Proceedings of the Madras Government, Public Works Department,
3rd October 1876. No. 2,666.

3. There are at present no funds available for the work.
4. This sanction has been registered as Provincial No. 151 W of 1876-77.

Enclosures

Sir,

1. Abstract
Estimate
1. Plan of Layout
1. Site Plan

With reference to G. O. No 232 of 20 April 75, I have the honor to submit, for the sanction of Govt., an estimate of Rs 10,280, prepared in communication with the Magistrate, and approved by him, for constructing on a separate site, a new Sub Magistrate's Cutcherry and Subordinate Jail at Sivady.

2. The revised standard design for second class Taluk Cutcheries, circulated with G. O. No 642 of 13 March 76 and specification printed therein, have been strictly and without any alteration adopted for

for the main building, and it is not
therefore considered necessary to
send up a copy of the plan and
specification. For the look room
the design approved in L. O. No 1014
of 20 April 174 is to be adapted
in every respect.

8. For the Latines the standard
plan remained, with L. O. No 791
of 22nd March 176 is to be adapted,
reducing, however, the number of
seats to 5 in each with reference to
the requirements of the station. In
the standard design 14 seats in
2 rows are provided for each latrine,
but the 5 seats now proposed are
to be built in one row. A plan
of this arrangement is submitted
herewith which I request may be
returned when sanctioned.
The specifications printed in the

L. O. will be adhered to.
4. The site was selected by
Messrs. Larkin and Lofor. It is
private property, but no provision
is made in the estimate for
compensation for the same, as the
Collector reports that it is not
possible to come to any reasonable
terms with the owners. It would ap-
pear that the land is only worth
about 100 Rs per Canine, while the
owners ask from 600 to 1000 Rupees.
The Collector is therefore of opinion
that it will be necessary to put the
Act in force as recommended by
him to Govt (vide L. O. No 128 of 23rd
October 1875) in order to acquire the
land. In the estimate I have
allowed Rs 200 as cost of site.
