No. 70. Read the following letter from Captain L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 28th September 1876, No. 243 W :—

In forwarding the enclosed correspondence in original, received from the Superintending Engineer, Godavery, in regard to the adjustment of the value of spurious coins found in the cash-chest of Western Delta Division, I have the honor to recommend that under the circumstances explained by the Superintending Engineer, Godavery, the amount in question (Rupees 2) may be recovered from the salary of the Accountant of the division, who as cashier of the division should be held responsible for seeing that no bad coin is received. *Vide* Code XVII-i-42.

From Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery, to Captain L. CONWAY-GORDON, R.E., Examiner, Public Works Accounts, dated Dowlaishweram, 4th September 1876, No. 1,566.

In forwarding the accompanying copy of letter from the officer in charge of the Western Delta Division, regarding the discovery of spurious coins of the value of Rupees 2 in that officer's cash-chest, and which have been cut in two to prevent them passing off as genuine, I have the honor to request you will be good enough to instruct Lieutenant Dorward, through this office, as to what should be done in the way of removing the above sum from his accounts.

From Lieutenant A. R. F. DORWARD, R.E., Assistant Engineer, Western Delta Division, Godavery, to Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery, dated Godavery, 29th July 1876, No. 169.

I HAVE the honor to report that 2 Rupees of spurious coin have been discovered in this office cash-chest. It is not known how these rupees have come into the cash-chest; money is received in this office almost every day from the subordinates, and occasionally from the taluq treasuries, and it has not been the practice in this office to test the coin every time money is received. The rupees in question were, on different occasions, given to the office lascar to get change for them, and each time he brought back the same saying that it was found by the people in bazaar to be of bad coin, and until then it was not known in this office that they were of bad coin. I have got the rupees cut into pieces, and request you will be good enough to obtain sanction for writing off the same to Profit and Loss.
