Dated	5th October	1876.

Read the following papers:—

No. 90. From L. R. BURROWS, Acting President of the Municipal Commission, to Colonel W. T. F. FARLEWELL, Officiating Under Secretary to Government, Public Works Department, dated Madras, 29th August 1876, G. No. 332.

In reply to your memorandum, No. 748-T, of 14th August 1876, I have the honor to inform you that Rupees 1,303-2-1 have been expended out of the grant of Rupees 9,395 for maintenance of roads over bridges and within Government compounds as per statement attached.

2. As it will be very inconvenient for the Municipality in the present embarrassed state of its finances to refund the balance in the current year, I have brought the matter to the notice of the Commissioners, and will report their views to the Government at an early date.

No. 91. From the same Officer, dated Madras, 8th September 1876, G. No. 382.

I have the honor to state that your letter, No. 748-T, of the 14th ultimo, was laid before a General Meeting of the Commissioners on the 31st idem, when the following Resolution was adopted:—

“The Commissioners observe that the Government contribution for roads, inclusive of roads over bridges and in Government compounds, amounts to Rs. 24,450 for the current year, a sum which is less by Rupees 10,547 than the amount contributed by Government for the same purpose in the preceding year; they also observe that the amount spent on, and appropriated for, the repair of Government roads in the current year is largely in excess of the Government grant; they would, therefore, respectfully submit that they cannot fairly be called upon to separate the roads over bridges and in Government compounds from other roads and to refund any portion of the balance referred to in the Officiating Under Secretary's letter.”

2. This Resolution will be communicated to Government in the usual course with the Proceedings of the Meeting, but, in the meantime, I append, for your information, a memorandum, of the sums paid and appropriated for the maintenance of Government roads; and another, of the estimates for roads over bridges and within Government compounds.

No. 91-A. From the same Officer, dated Madras, 12th September 1876, G. No. 385.

With reference to the Proceedings of Government noted in the margin, I have the honor to forward, herewith, a Budget Dated 15th April 1862, No. 289, Financial Department, of the charges of this department against Government for the repair of Government roads for the official year 1871-72.
