*Proceedings of the Madras Government, Public Works Department,
11th October 1876. No. 2,709.*

Read the following letters:—

No. 122. From Captain W. WRIGHT, Acting Government Agent, Chepauk, to Colonel W. FAREWELL, Officiating Deputy Chief Engineer, Public Works Department, dated Chepauk, 22nd September 1876, No. 562.

With reference to your official memorandum, No. T-950, dated 12th instant, I have the honor to report that the superficial area required for the accommodation of the Agent and his establishment is 208 feet by 32 feet, to be divided as follows:—

Record-room	...	...	...	...	...	118 feet by 32 feet.
Agency and Translator's Office	...	...	...	...	...	90 " by 32 "
With a verandah	...	...	...	...	...	208 " by 21 "

for paying the Stipendiaries.

The numbers of the establishments are—

Agent and Translator to Government	...	...	...	...	...	1
Assistant Agent	...	...	...	...	...	1
Manager	...	...	...	...	...	1
Clerks	...	...	...	...	...	6
Translator's Office	...	...	...	...	...	2

Total ... 11

There are fifty almirahs and 158 boxes of various dimensions, besides desks and tables of the two establishments.

No. 122-A. From R. F. CHISHOLM, Esq., Consulting Architect to Government, to Colonel W. FAREWELL, Officiating Deputy Chief Engineer, Public Works Department, dated Chepauk, 2nd October 1876, No. 633.

In reply to your memorandum, No. T-954, dated 12th September last, I have the honor to forward a plan with figured dimensions of this office building and the building adjoining it.

The space at present occupied by this office and absolutely necessary for its use is tinted pink, that tinted blue is in the occupation of the Registrar of the University under the authority of G.O., No. 376, dated 15th November 1875, Educational Department.

The two godowns forming the south-west corner of the building are occupied by the Superintendent of the Chepauk Park.

The building adjoining is at present the residence of the Overseer in charge of the Fort Range, occupied under the orders, it is believed, of the Presidency District Engineer.

No. 122-B. From Colonel W. FAREWELL, Officiating Deputy Chief Engineer, Public Works Department, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 5th October 1876.

In regard to the latter portion of G.O., No. 2,392, dated 7th September 1876, referring to the transfer of the office of the Chepauk Agency to the building formerly occupied by the offices of the late Inspecting Engineers, Public Works Department, I have the honor to report that, in communication with the present Acting Agent, I find the space afforded by the whole building to be just sufficient to afford comfort-

able accommodation for the Chepauk Agency Office and its voluminous records; the situation of the building is convenient, and altogether, with the shelter available in its verandahs for Pensioners waiting for payment, &c., it is well adapted to the purpose proposed.

2. Half the building is now occupied by the office of the Consulting Architect to Government, which might at once be removed to the old workshops; another portion is at present occupied by the Superintendent of the Chepauk Park, who must be directed to vacate.

The records of the Registrar of the University occupying another portion of the building will have to be removed immediately to the small adjacent building formerly used as an office for the Examiner of Railway Accounts. The building generally requires cleaning and white-washing, and the floors of some of the rooms for records will have to be asphalted, but this can be done in a few days.

3. The District Engineer reports that, before any portion of the old workshops can be occupied by any one, it is absolutely necessary that rattan mats and punkahs be supplied, which will be provided for in the estimate under preparation; mean time I have authorized him to take in hand what is required, and I request that the action taken by me may be confirmed.

4. The District Engineer promises to submit the plan and estimate as early as possible, noting that the detailed drawings and estimates are of a character such as to require time to complete.

No. 123. • ORDER THEREON, 11th October 1876, No. 2,709.

CIVIL WORKS, No. 9-A.

IN order to afford accommodation for the office of the Chepauk Agent in the building recently occupied by the

Inspecting Engineers for Buildings and Communications, the Consulting Architect to Government will at once make available the portion taken up by him by removal into the workshop buildings, and the Superintendent of the Chepauk Park will also be directed in the Public Department to vacate. The records of the Registrar of the University will be removed, as suggested, by the Deputy Chief Engineer. Such repairs as may be required to the buildings thus made available will be carried out emergently by the District Engineer, Presidency, who will also fit up such portion of the workshop buildings as may be immediately required for the accommodation of the offices of the Consulting Architect and Consulting Engineer for Railways. The orders given for the commencement of the work in anticipation of sanction are confirmed.

Registrar—University.

No. 16. Read the following letter from Captain R. THOMPSON, R.E., Officiating Consulting Architect to Government, to the Honorable D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Chepauk, 10th November 1875, No. 259:—

In reply to your Official Memorandum, No. 646, dated 6th November 1875, I have the honor to state that the rooms intended for the Registrar of the University at the Senate House are not likely to be completed until the return of Mr. Chisholm from furlough.

2. I may, however, mention that the premises just vacated by the Examiner of Railway Accounts at Chepauk will become available for occupation on the 15th proximo, where the office of the Registrar of the University can be temporarily located.

No. 17. To the Honorable the Vice-Chancellor, dated Fort St. George, 15th November 1875, No. 376.

Referring to the correspondence marginally noted, I have the honor to forward you copy of a letter from the Consulting Architect, showing that certain accommodation will be available for the Registrar's Office from the 15th proximo.
