RAILWAY DEPARTMENT

CONSULTING ENGINEER'S OFFICE

Madras, 28th January 1876.

From

LIEUT-COLONEL J. H. M. SHAW-STEWART, R.E.

Consulting Engineer for Railways,

To

MAJOR-GENERAL G. W. WALKER, R.E.,

Secretary to Government,

Public Works Department,

Fort Saint George.

SIR,

In continuation of this
Office letter No. 43 dated 24th Ja-
-nuary 1876, I have the honour
to submit the list of the establish-
-ment proposed for the Traffic
-department of the Madras Rail-
-way for the current half-year.

2. It will be observed
that the actuals for the last
half-year are considerably be-
-low the sanction; and, in order
to save time, it was arranged at

the

the meeting held at Poyasacrum
on the 6th instant that the esta-
-blishment proposed for the Traffic
department for the current half-
year should be estimated upon
the actuals of the previous period,
with an addition of ten per cent
to the total in order to cover any
necessary increases. The statement
has been prepared accordingly.

I have the honour to be

Sir

Your most obedient servant

Maurice L. L. L.,

Cons. Engineer for Railways

Submitted by the
Establishment Secy
of the Indian Dept
of the Public Works
Department. With your
orders.

follows:-

Agents' Department — Provides for the entertainment of a library party at Rysroe at an additional cost of Rs 42 during the half-year.

Chief Auditor's Department — Shows a decrease during the half-year of Rs 410 compared with the sanction of the previous period.

Chief Engineer's Department — Provision is made for the promotion of one Assistant Engineer from 2nd to 1st class, and for two from 3rd to 2nd class. Also for a slight increase of pay to an Engineering Assistant. The increase of Rs 1000 under contingencies is covered by a corresponding

decrease

decrease in stationery.

Electric Telegraph Department — The

staff of lascars is reduced from 32 to 20, showing a decrease of Rs 504 in this item

during the half-year compared with the sanction for the previous period.

There is also a considerable reduction under the head of "maintenance".

Locomotive Department — Includes appointment of a storekeeper at Rs 125 per

month, the duty having until now been performed by a clerk upon Rs 100,

which is now shown as a saving; also increased provision under the head Fourners, Firemen, Greaser and Filler;

and for wages of workmen in the

Locomotive

locomotive and carriage and wagon
muster roll. The decrease however

under other heads more than covers the
proposed increase. decrease 19941
increase 11,322

Chief Accountant's Department—Pro.

vides for the moiety of the salary of
Chief Accountant while absent on furlough. There is a decrease of £35 in

the monthly salary of clerk during
the current half-year.

Cashier's Department—The total

reduction for this half-year amounts
to £1410, caused by the abolition of the
manager's post, and by the transfer of
a clerk to the Staff Department.

General Stores Department—The

slight

slight increase provided for under the
head of clerks is covered by the decrease

of £300 under "contingencies". The

question of retaining a General Stores

keeper at the present rate of salary is

under consideration, and will be dealt
with separately.

Admiral's Department—Provides for clothing

which has hitherto been made in the

Staff Department, is now entered in

the Police Establishment list.

Medical Department—Provides

for the entertainment of a medical

storekeeper and laser. The necessity

for this increased expenditure arises

from the experiment which is now

being

being made of procuring supplies of
medicines from England. There is also
an increased provision for rent.

General Charges — Shows an in-
crease under head of advertisement
of all Departments, and unclassified
expenditure.

Referring to the Con-
clusions of Government No. 2471 dated
30th August 1875, I beg to state that
the suggestion of the Government of
India to classify the establishments
according to districts, stations, and
offices, in which the persons are
employed, has been discussed in
Committee, and that a revised form
with

with full details will be adopted
from the next half-year.

4. The delay in sub-
mitting these lists has been un-
avoidable, in consequence of the work
entailed by the visit of His Royal
Highness the Prince of Wales.

I have the honor to be
Sir

Yours most obed^t Serv^t
