Public Works DEPARTMENT

G.O. No.	2832	Press
~~B.P. No.~~		~~Mis.~~
Dated	24-10-	4876 —195—

Not to be folded or roughly handled

No. 351. Read the following endorsement of the Chief Engineer for Irrigation, dated Ootacamund, 3rd October 1876, No. 224 W :—

From W. A. GOODCHAP, Esq., District Engineer, Kurnool, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Kurnool, 6th September 1876, No. 38.

I HAVE the honor to forward a statement showing the amount spent on Irrigation repairs up to 31st July, and the balance required to place the works in a safe condition in the current official year.

2. It will be seen that the amount required is 66,000 Rupees for ordinary and emergent repairs for the current year, and that a Budget allotment of Rupees 40,000 has been made, leaving a balance of Rupees 26,000 to be sanctioned.

If, however, it is intended to make a separate grant for the Cumbum tank channels, only Rupees 16,000 will be required in excess of the allotment of Rupees 40,000, and this amount can be fully utilised on works now in progress and will be a great assistance to the poor of the different villages, as the present season is very unfavorable, and reports are being received from all parts of the district urging the necessity of famine works being opened.

2. A supplemental allotment of Rupees 3,220 on account of Original Works is required for the Yeldurti tank surplus weir, for which an application is herewith forwarded.

—

SUBMITTED for the consideration of Government.

The District Engineer, Kurnool, asks for under Minor New Works ...	Rs. 3,220
Do. do. do. Repairs ...	„ 26,000

the latter item includes Rupees 10,000 for the Cumbum tank channels.

2. The sum required for Minor New Works can be allotted from the Reserve.

3. There is no reserve under Repairs and so far there has been no surrender. Under the recent order as per margin the District Engineer's application should have been forwarded through the Examiner of Public Works Accounts, but a reference has been made to that officer, and the undersigned is not prepared to recommend either a transfer of Repair Funds from other districts to Kurnool, or any curtailment of expenditure on Original Works with a view to provide funds for repairs. Very little money could be obtained by so doing, and there are no Original Works in progress which it would be advisable to stop.

4. It will apparently be necessary to make a special application to the Government of India for funds for the Cumbum tank repairs and improvements so soon as there is information as to the probable expenditure of the current year.

(Signed) JOHN MULLINS, Lt.-Col., R.E.,
Chief Engineer for Irrigation.

Proceedings of the Madras Government, Public Works Department,
24th October 1876. No. 2,832.

No. 352. ORDER THEREON, 24th October 1876, No. 2,832.

IRRIGATION, No. 40.
Account.

RUPEES 3,220 are transferred from the Reserve under Minor New Works as an addition to the Minor New Works grant of the Kurnool District.

1. The District Engineer will renew his application for an increase of the repair grant after the 30th November. At present there are no funds available.

2. The District Engineer will renew his application for an increase of the repair grant after the 30th November. At present there are no funds available.

3. The probable expenditure on repairs and on improvements to the Cumbum tank channels during the current year should be reported as soon as possible, under—
Emergent Repairs,
Other do.
Improvements,

and with regard to the two latter it should be explained what work is proposed to be carried out before the 31st March 1877.

(True Extract.)

From H. Kurnool, No 38 of 6 Sept: 1876
No 224-W.

Submitted for the consideration
of Government.

The District Engineer, Kurnool,
asks for under Minor New Works—Rs. 3,220
— Repairs — — 26,000

The latter item includes Rupees 10,000 for the Cumbum Tank Channels.

2. The sum required for minor new works can be allotted from the Reserve.

3. There is no Reserve under Repairs and so far there has been no surrender. Under the recent order as per margin the District Engineer's application should have been forwarded through the Examiner of P.W. Accounts, but a reference has been made to that officer and the undersigned is not prepared to recommend either a transfer of repair funds from other districts to Kurnool, or any curtailment of expenditure on original works.
