Read the following papers:—

No. 42. Proceedings of the Madras Government in the Judicial Department, dated 9th August 1876, No. 1,632:—

ABSTRACT.—*Tuluq Cutcherries*.—Plan and estimate submitted by the Board of Revenue for providing iron-barred gratings to the Treasury at Ponany, Malabar District, sanctioned and transferred to the Public Works Department for the necessary orders.

No. 42-A. From Lieutenant-Colonel R. B. KENNEDY, District Engineer, Malabar, to the Deputy Chief Engineer, Public Works Department, dated Calicut, 25th October 1876, No. 148.

REFERENCE No. T-865, dated 29th August 1876.

I have the honor to inform you that the Palghaut Range Officer has reported to me that the work of iron grating in Ponany treasury room, for which an estimate, amounting to Rupees 110, was forwarded to you through the Collector of Malabar, has been inadvertently carried out to completion in August last, the mistake arose in Overseer Timothy having misunderstood the Range Officer's orders warning him to be more careful in drawing out estimates and specifications for the future, to be an actual sanction.

2. I have however issued the necessary orders to the Range Officer in order to meet the requisition contained in your letter under reference, and beg to resubmit the

Rupees 110.

plan and estimate for early sanction, to prevent the Examiner from including the

work in his statement of objectionable items.

No. 43. ORDER THEREON, 2nd November 1876, No. 2,947.

CIVIL WORKS, No. 1.

COMMUNICATED to the District Engineer, Malabar, who will provide the requisite funds from those at his disposal under Minor New Works, Civil Buildings, Provincial.

2. This sanction is registered as Provincial No. 172 W. of 1876-77.

(True Extract.)

Major-General, R.E.,  
Secretary to Government.

To the District Engineer, Malabar.

„ Examiner of Public Works Accounts.

Specification

V

To accompany the Estimate amounting to  
Rupees 110- for providing iron barred gratings  
to the Treasury room at P. many in P. many Taluq  
Palghat Range Malabar District.

Necessity for the work

This Estimate is prepared as requested  
by the collector in his letter No 932 dated 19<sup>th</sup>  
April 1896, at present the only ventilation  
or light that can get in is through the door.  
It is proposed to insert iron gratings as shown  
in Elevation to admit more light so that  
the Sentry (who walks on this side) may see the  
Boxes inside.

Iron gratings

Should be first of all got ready, they  
consist of teak wood top and bottom frames  
with flat iron bars let into them and into  
which the round iron bars fit.

Lintels

Of teak wood having been got ready,  
the space for them in the wall should be cut  
clean out and the lintels inserted.

Then the walls under the lintels may

may be cut out gently propping with bamboo where necessary. As soon as this is properly done the iron gratings and teak frames are inserted the whole should then be plastered and pointed where necessary.

all the wood and iron work should be well tarred, both before and after being fixed.

When this is done the place should be left in a clean condition.

Proceedings of the Madras Government, Judicial Department,  
9th August 1876. No. 1632.

Taluq Cutcherries.

No. 63. Read the following Proceedings of the Board of Revenue, dated 25th July 1876, No. 6283, Miscellaneous:—

Read the following letter from W. LOGAN, Esq., Collector of Malabar, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, Madras, dated Calicut, 11th July 1876, No. 172:—

I have the honor to forward, for sanction and provision of funds,\* a plan and estimate for providing iron-barred gratings to the Treasury room at Ponany.  
\*Rupees 110.

2. The work proposed in the accompanying plan is intended to admit sufficient light into the Treasury room which at present is most insufficiently lighted, and is also to enable the Police on guard outside to see the treasure-boxes, &c., therein deposited.

Submitted for the sanction of Government.
