*Proceedings of the Madras Government, Public Works Department,
3rd November 1876. No. 2,956.*

No. 58. Read the following letter from Major J. VERTUE, R.E., District Engineer, Trichinopoly to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, (through the Examiner of Public Works Accounts,) dated Trichinopoly, 18th October 1876, No. 603 :--

With reference to G.O., No. 2,158, of 18th August 1876, I have the honor to propose a transfer from Minor New Works, Military, of Rupees 700, and to suggest that the balance of Rupees 700 may be provided from the Reserve at the disposal of Government under the head Military, or by the withdrawal of the fore-named trifling amount from one of the districts to which large military grants have been made, and to which therefore a small reduction cannot prove a matter of much importance.

2. I would beg also to point out that, had the work in question not been carried out, the men now accommodated in the barracks must have been retained at headquarters, or been distributed over the other barracks, thus curtailing the area and air space allotted to each man.

No. 58-A. From the Examiner of Public Works Accounts, dated 31st October 1876.
