Letter to Government, North-Western Provinces, No. 469 I, dated 13th October 1876.

THE Government of India observe that by the orders contained in Public Works Department Circular No. 51 of 1872, the head Profit and Loss was abolished in the case of outlay on Capital account on Irrigation Works debitable to Extraordinary funds, and that it was required that losses which would otherwise have been placed under this head should, with the sanction of the Government of India, be charged to the estimate, or in cases of loss of cash to the head Establishment of the work concerned.

2. The Honorable the President in Council is now pleased to rule that in cases of loss of cash the charge should be placed not under Establishment of the work concerned, but under "Miscellaneous" of the Capital account of the project to which the charge relates. And, provided the debit thus made to works on account of losses does not cause any excess against the total estimate of the project to which the charge refers, Local Governments and Administrations are hereby empowered to adjust such charges without reference to the Government of India, except in the cases of actual losses which involve a charge of Rupees 1,000 and over each, and which under the rules laid down in Chapter XX, Section II, paragraph 33 of the Code as modified by Standing Orders, Nos. 7 and 9 of 1870 and 1873 should still be referred for the orders of the Government of India with proposals as to the precise head of the project to which the amount should be debited.
