*Proceedings of the Madras Government, Public Works Department,
20th November 1876. No. 3,097.*

No. 331. Read the following letter from Major H. M. VIBART, R.E., Officiating District Engineer, Presidency, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 9th November 1876, No. 4,299 :—

I HAVE the honor to report that there are considerable scum and weeds on the surface of the Cooum which cannot be removed without the assistance of a punt. Out of the establishment sanctioned in G.O., No. 1,992, dated 3rd August 1876, for the conservancy of the Cooum, it has not been found necessary to employ one peon and one cart, which gives a monthly saving of Rupees 23-12-0; and as this saving can be utilized in the construction of a punt, the approximate cost of which is Rupees 140, I have ordered its construction in anticipation of your sanction, which I now request may be accorded.
