*Proceedings of the Madras Government, Public Works Department,
20th November 1876. No. 3,112.*

No. 361. Read the following letter from Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation—Through the Examiner of Public Works Accounts,) dated Dowlaishweram, 28th October 1876, No. 2,113:—

With reference to your memorandum Nos. 78 G D and 99 G D, dated 4th August and 20th September 1876, respectively, I have the honor to submit herewith a revised statement showing the works under the head "Extensions and Improvements," for which appropriations are required during the current official year, and to request you will be good enough to obtain the sanction of Government for a transfer of Rupees 6,500 to the head "Extensions and Improvements" from the Budget provision of Rupees 50,650 under the head "Tools and Plant," "Revenue," to enable me to make specific appropriations for the works shown in the list.

2. I find it quite impossible to make any transfer to other heads from the reduced grant* of the district for Repairs, Agricultural, the demands of Divisional Officers under this head being far in excess of the sum allotted, so that it has been necessary to limit expenditure on Repairs, Agricultural to the more emergent works.

* Rupees 1,75,025.
