*Proceedings of the Madras Government, Public Works Department,
21st November 1876. No. 3,126.*

No. 389. Read the following papers:—

Proceedings of the Madras Government in the Revenue Department, dated 26th September 1876, No. 1,343.

Proceedings of the Board of Revenue, dated 5th September 1876, No. 2,271.

From J. H. GARSTIN, Esq., Collector of South Arcot, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Porto-Novo, 16th August 1876, No. 373.

UNDER the circumstances stated in the enclosed copy of a letter from the District Engineer, dated 11th instant, No. 144, I have the honor to request that the sanction of Government may be obtained, if necessary, to the enclosed estimate for completing the Puliankal catch-drain, and that the estimate itself be sent on to the said officer in view to the execution of the work by his department.

From Major H. R. MEAD, R.E., District Engineer, South Arcot, to J. H. GARSTIN, Esq., Collector of South Arcot, dated Cuddalore, 11th August 1876, No. 144.

WITH reference to the Proceedings of the Board of Revenue, under date the 26th July 1876, No. 1,913, sanctioning the completion of Puliankal catch-drain in connection with the Merkanam Salt-pans, I have the honor to observe that the work is entered in the Imperial Budget of this department, Part II, Original Works, and a sum of Rupees 3,000 is provided for the current year (*vide* G.O., No. 1,022, of 24th April 1876). It would thus appear that the work is intended to be carried out by this department.

2. I am therefore of opinion that before the work is put in hand by this department, the sanction of Government in the Public Works Department should be formally obtained to the estimate of Rupees 6,400 for the work, which, under Rule No. 1 printed in G.O., No. 1,574, of 13th May 1869, is beyond the competency of the Board to sanction. In fact, I consider that as required in the G.Os., No. 3,428, of 3rd December 1875, and No. 1,022, of 24th April 1876, the estimate should be sent up to Government for their sanction.

3. I request, therefore, that you will be good enough to address the Board on the matter. The estimate when sanctioned should be forwarded to me to be sent to the Divisional Officer for his guidance in carrying on the work.

ENCLOSURE No. 2.—Estimate.

THE estimate will be submitted for the sanction of Government. An allotment of Rupees 3,000 is entered in the Budget for the current year.

*Proceedings of the Madras Government, Public Works Department,
21st November 1876. No. 3,126.*

No. 389-A. From Major H. R. MEAD, R.E., District Engineer, South Arcot, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Cuddalore, 27th October 1876, No. 146.

In submitting, for the sanction of Government in the Department of Public Works, the accompanying estimate of Rs. 6,400 for excavating the Puliankal drainage channel in connection with the Merkanum Salt-pans, I have the honor to state that the Board of Revenue in their Proceedings, dated 26th July 1876, No. 1,913, sanctioned this first.

2. I pointed out, on the 11th August, that the work for which an allotment of Rs. 3,000 is made in the Imperial (Salt) Budget, circulated in G.O., No. 1,022, of 24th April 1876, was beyond the competency of the Board to sanction, and that the estimate should, after approval in the Revenue Department, be transferred for formal sanction of the Department of Public Works, as laid down in G.O., No. 3,428, of 3rd December 1875; it appears to have been accordingly resubmitted by the Collector through the Board to Government, and sanctioned by them in G.O., No. 1,343, of 26th September 1876, in the Revenue Department.

3. The estimate has been now forwarded to me by the Collector (I believe for execution) with a copy of the Government Order bearing Board's endorsement, dated 3rd October 1876; but it does not appear that the estimate has received the formal sanction in the Department of Public Works, which I pointed out was necessary before putting the work in hand. I have therefore, and with a view of saving delay, deemed it advisable to resubmit the estimate direct.

4. Copy of Government Order in the Revenue Department, and of the Proceedings of the Board of Revenue, dated 22nd October 1875 and 26th July 1876, Nos. 2,931 and 1,913 on the subject, are submitted herewith for the information of Government. I request that these Proceedings, together with the estimate, when sanctioned, be returned.

THE estimate of Rupees 6,400 for excavating the Puliankal drainage channel is sanctioned.

Proceedings in the Revenue Department
No. 1343 of 26th September 1896.

FOR ORDERS.

On the question being raised as to the Agency by which salt works requiring professional skill should be carried out it was ruled in G.O. No. 569 dated 3rd March 1896 that works of this class should be included in the Public Works Budget, and should be planned, estimated, sanctioned and budgetted for under the

paper with the Memo. It would be well that the Agency should be the practice adopted by the Government & hereby approved by the Government to be operated
