No. 444.

Under date the 24th November 1876, No. 3,156.

CIVIL WORKS, No. 34.

With a view to the concentration of all available supervision on Famine Relief Works which are being undertaken not only in the Ceded Districts, but almost universally throughout the Presidency, District Engineers are directed to use their discretion in discontinuing any building operations which are calculated greatly to absorb the attention of the executive agency placed at their disposal, and hinder their more general employment. Care should however be taken not to throw on Relief Funds any considerable numbers of bricklayers, carpenters, and laborers dependent on them.

2. Report will be made by all District Engineers of works to be suspended under this order; and of the unspent balances of grants which will thus be set free.

Read the following:—

With a view to the
concentration of all
available resources
on the various Public Works
which are being under-
taken at present in
the Madras District,
and to ensure the
early completion of the
Provincial Building
Programme was decided
to give their sanction
in discontinuing such
building operations as
are calculated to call
for a great attention
of the Executive Agency
at present at their disposal.

And besides their
more general im-
-ployment. Care
should however be
taken not to throw
on Relief Funds any
considerable numbers
of Bricklayers, Car-
penters and Labour
dependent on them

Report will be made
by all District Inspectors
as to the receipt-
ed under this order;
and of the unexp-
-ended balances of grants which
will thus be set free.
