No. 494. Read the following endorsement of the Chief Secretary to Government, dated Ootacamund, 13th October 1876, No. 1,595 :—
From the Right Reverend the Lord Bishop of Madras, to His Grace the Governor in Council, dated Madras, 11th October 1876, No. 732.

With reference to G.O., 21st August 1875, No. 211, I have the honor to state that the Church Committee at Coonoor have about 3,000 Rupees for commencing the work of extending Coonoor Church eastwards, but appear to be precluded from doing so by the words of the order, viz., "provided subscriptions covering the estimate are duly paid in before he (the Engineer) commences the work."

2. They believe that, if the work were once begun, visitors at Coonoor and others would be much more forward to contribute towards the required 7,000 Rupees.

3. The Engineer can build the new part without taking down any of the old. And the Committee desire that he may be permitted to do so, postponing to the last the removal of those parts of the existing fabric which it is contemplated in the proposed improvement to remove.

4. If I am right in believing that the object of the restriction prescribed in the order was to prevent the existing structure from being touched until there were sufficient funds for completing the whole alteration, I request that your Grace in Council will sanction this interpretation of the words used in the order.

TRANSFERRED to the Public Works Department for consideration and disposal.

(Signed) W. HUDLESTON,
Chief Secretary.
