Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 28th November 1876. *No.* 3,185.

No. 498. Read the following letter from Colonel J. F. FISCHER, R.E., District Engineer, Madura, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madura, 6th November 1876, No. 2,898 :—

I HAVE the honor to forward, for the information of the Government, the register of rainfall at Kodicanel for the month of October for three years. As this clearly explains how great a failure of the rains has occurred this season, and the liability of the dry crops withering altogether, it is almost needless to say the wet crops are a failure altogether.

Register of Rainfall at Kodicanel as furnished by V. H. Levenge, Esq.
