No 5. From Colonel A S MOBERLY, R E, District Engineer of Cuddapah,
to Major-General G W WALKER, R E, Secretary to Government, Public
Works Department, dated Cuddapah, 2nd November 1876, No 1,709

With reference to my letter, No 597, dated 12th June 1875, to the President of the Local Fund Boards, Cuddapah District, which was passed on to you with Proceedings of the Board of Revenue, through the Financial Department, No 2,704, of 28th September 1875, I have the honor to inform you that at this time great inconvenience is being experienced from the want of a Sub-Overseer in each taluq of the Cuddapah Circle, as the Revenue Department is constantly asking for help in marking out, &c, work for the people employed on the relief works which are being gradually extended to each taluq. I am giving all the aid in my power, but we cannot make ourselves ubiquitous. I therefore request that early sanction may be given for the entertainment of one Sub-overseer in each taluq.

2 At a Local Fund Board Meeting held on 12th March 1873, it was the opinion of the members that there should be a Local Overseer for each taluq, but my predecessor took no action on it, and only four for the Cuddapah Circle, which contains seven taluqs, were sanctioned.

3 In 1874 I brought to the notice of the President of the Local Fund Boards the difficult position I was placed in and asked for two more Sub-overseers, on which the Local Fund Board passed a resolution (copy attached) at a Meeting held on 2nd October 1874, sanctioning one for each taluq. This establishment was entertained for a short time, but the Examiner, Public Works Accounts, having objected to the same, as Government had passed no orders approving of the Local Fund Board's resolution, they were gradually absorbed as vacancies occurred.

4. In my letter, No 2,396, of 15th March 1875, to the President, Local Fund Boards, I begged him to obtain the required sanction of Government. A correspondence then passed between us, and finally I sent my letter, No 597, of 12th June 1875, already referred to, on which, as far as I know, no orders have ever been passed.

5 With my letter, No 2,164, of 22nd January 1876, to the President, Local Fund Boards, I forwarded a copy of a letter from the Sidhout Range Officer asking for a Sub-overseer for one year at least, on which the Local Fund Board passed a resolution (copy attached), dated 15th February 1876, on which no orders have yet been received.

Extract from Proceedings of the Local Fund Board, Cuddapah Circle, dated 2nd October 1874

XIII Read letters, Nos 891 and 1,056, from the District Engineer, asking for the services of an Overseer for each of the Poolvandala and Sidhout Taluqs.

The Board observes that such requests were anticipated in a Meeting of 12th March 1873, and that a third Overseer was also required for Jamalamadogoo.

2 It sanctions the following staff which the District Engineer is authorized to employ as required —

Three Overseers at a salary each not exceeding Rupees 60 per mensem.

*Proceedings of the Madras Government, Public Works Department,
28th November 1876 No. 3,214.*

Three items of travelling allowance for the Writers at Rupees 3½ each.

2 The Board observes that no orders are passed as yet on the subject

Proceedings of the Board of Revenue, dated 11th November 1876, Miscellaneous No 9,765

Read the following letter from J R. DANIEL, Esq, Acting President, Local Fund Boards, Cuddapah District, to H E STOKES, Esq, Acting Secretary to the Board of Revenue, dated Cuddapah, 8th November 1876, No 724 —

I HAVE the honor, with reference to Board's Proceedings, Miscellaneous No. 8,816, dated 13th October 1876, to request that the Board will urge upon Government the necessity of sanctioning three additional Local Fund Overseers for the Cuddapah Circle

2 The necessity for an Overseer for each taluq was approved by the Local Fund Board in several Resolutions, and the Revenue Board submitted the proposal for the sanction of Government.

3 The Government have now received from the District Engineer the explanation required in their Order, dated 1st February 1875, and I therefore hope that they will give early sanction for the increased establishment which is especially required at the present time
