Memorandum

The Revenue Statement of the Godanery delta for the year 1874/75 (Fakh 1284) gives the following general results

	1873/74	1874/75	Increase or decrease
Area irrigated	514,650	513,142	- 1508
Revenue/Water tax	14,95,360	14,92,091	- 3269

The particulars for the several sections of the delta are given in the subjoined Abstract for Canals and Delta prepared in this office and the following are the results

	Area irrigated		Water tax	
	1873/74	1874/75	1873/74	1874/75
Eastern Delta	143,955	137,254	452,551	423,921
Central do	99,810	97,338	320,109	319,506
Western do	270,885	278,050	722,700	748,664
Jamindari (Kidathavolu & Baharjalli)	"	"	40,000	40,000

The Eastern and Central delta exhibit a decrease both in area and revenue, and the Western Delta an increase

527796
14653
143

increase both in area and revenue.

The results of the season's irrigation in the Eastern delta are very far from satisfactory; they have already been specially noticed in the R.M. as per margin, and it may be hoped that the attention which has been drawn to the subject will lead to an early improvement and recovery.
