No 11 Read the following letter from Major J BEATTY, R E, Officiating
Superintending Engineer, Godavery, to Lieutenant-Colonel J MULLINS, R E,
Chief Engineer for Irrigation, dated Camp at Tallapudi, 6th November 1876,
No 2,199.—

With reference to paragraph 3 of G O, No 897, of 5th April 1876, and para-
graph 2 of your memorandum printed therewith, I have the honor to inform you that
I have arranged to reduce the stock balance of the district on 31st March 1877 within
30,000 Rupees

2 As the stock balance on 31st March 1876 was Rupees 26,042 nearly, it will be
necessary to obtain an appropriation of Rupees 3,958 to cover the increase, and I propose
to find this by transfer from the following allotments under Capital Ordinary —

Drainage at Gollalamamidada	RS 3,100
Compensation for land, Samulcottah Canal, present allotment	Rs 2,000 858

3 The drainage work at Gollalamamidada has not been proceeded with owing to
the unwillingness of the villagers to give up the land required for the works, and con-
sequently it may without inconvenience be deferred until next year As no bills have
yet been received for compensation on Samulcottah canal, it is improbable that the whole
allotment of Rupees 2,000 will be utilized, and 858 Rupees may with safety be sur-
rendered
