*Proceedings of the Madras Government, Public Works Department,
8th December 1876. No. 3,320.*

No. 170 Read the following endorsement of the Secretary to Government, Military Department, dated Fort St George, 5th December 1876, No 6,266 —
From Brigadier-General W G OWEN, Commanding Ceded Districts, to Brigadier-General H O'CONNELL, Quartermaster-General, Fort St. George, dated Bellary, 28th November 1876, No 218

I HAVE the honor to intimate that the magazines for the two Native Infantry corps at this station are in an advanced state towards completion; but in consequence of the total cessation of public works, owing to the present financial pressure, these buildings are not being proceeded with

2 I gather that the value of the work yet to be done, to finish these buildings, is about *Rupees* 1,270, the total estimate having been *Rupees* 8,600

3 As these structures are greatly needed, the existing magazines being far too small for the proper stowage of the increased complement of ammunition now received by Infantry corps, I take upon myself to urge the desirability of the completion of the two new magazines, or at any rate of one, so that one corps might occupy the two existing small ones, the other the finished new building.

No. 8,398.

FORWARDED for the consideration of Government. Under the circumstances reported, His Excellency recommends that sanction be given for the completion of one of the magazines for Native Infantry at Bellary.

(By order,)
