Sir

With reference to your Memorandum No. 1635 of 6 November 1876, I have the honor to state that the full allotment of Rs. 12000 for the Bellary Water Supply Project was not taken into account in filling up the column of computed expenditure, in the Imperial Budget for 1877-78 as it was supposed that a transfer of funds from that allotment would be unavoidable in the adjustment of the outlay on Class C works, reported

reported in my letter No. 2521 of 3^d.
 October 1876. if provision for the
 same could not otherwise be made.
