Read the following papers:—

No. 355. From Colonel C. H. DICKENS, R.A., Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to Major-General G. W. WALKER, R.E., Secretary to the Government of Madras, Public Works Department, (Irrigation Branch,) dated Simla, 29th August 1876, No. 329 A—I.

THE Accountant-General, Public Works Department, having laid before the Government of India an account of the assessments, realizations, and balances of revenue outstanding of the Madras Irrigation and Canal Company, on 31st December 1875, I am directed to observe that the results exhibited in the account are as follow:—

Kurnool District.

	RS.	A.	P.
Amount of assessments to end of 1874-75 ...	1,81,550	15	1
Realizations to end of 1874-75 ...	1,69,528	6	5

Realizations to end of 1874-75 ...	55,340	11	0
Balance outstanding ...	16,812	12	5
Total outstanding ...	28,835	5	1

2. It is noticed that, in addition to the realizations above shown under the Kurnool District, a sum of Rupees 577-1-5 was realized in 1875-76. The amount of assessment during that period, however, is not shown in the account, and it therefore cannot be ascertained what the outstanding balance to end of that period amounts to. I am to request information on this point.

3. The sum unrealized appertains to the earnings of the following years:—

	RS.	A.	P.

No. 355-A. Endorsement of the Chief Engineer for Irrigation, dated Fort St. George,
6th December 1876, No. 284 W.

From Major P. LAMBERT, R.E., Examiner of Railway and Irrigation Accounts, to
Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation,
dated Madras, 23rd November 1876, No. 1,437 I.

With reference to your memorandum No. 30 I.C.C., dated 16th September 1876,
I have the honor to return letter No. 329 A—I, dated 29th August 1876, from the
Government of India, with the following report.

2. The amount of assessment of revenue of the Madras Irrigation and Canal
Company for the season of 1875-76, according to Form E, submitted by the Revenue
Collectors, is as follows:—

	RS.	A.	P.
Kurnool District	38,172	11	7
Cuddapah do.	19,460	2	9
Total	57,632	14	4

3. At the end of September 1876 the unrealized balances of revenue of the
Company had been considerably diminished, but the balances due for the seasons
1865-66 and 1868-69 to 1871-72 in the Kurnool District remain as they were on the
31st December 1875. The sum unrealized at the 30th September 1876 as deduced
from monthly Realization Returns from January to September 1876 inclusive, apper-
tains to the earnings of the following years:—

	Kurnool District.			Cuddapah District.			Total.		
	RS.	A.	P.	RS.	A.	P.	RS.	A.	P.

	...	...	...	...	...	...	25,540	4	6
Amount unrealized due to former years	...	...	...	...	...	...	9,084	12	1

The unrealized balance for former seasons on 31st
December 1875 was ... 28,835 5 1
So that the realizations from January to September
1876 inclusive, amount to ... 19,750 9 0

*Proceedings of the Madras Government, Public Works Department,
14th December 1876. 3,419.*

4. The latest realizations of revenue for the earlier seasons in the Kurnool Dis-
trict are as follow:—

1865-66	...	...	...	January 1868
1868-69	...	...	...	February 1872
1869-70	...	...	...	" 1875
1870-71	...	...	...	" "
1871-72	...	...	...	" "

There does not seem to be any probability of the balances due for the seasons
1865-66 and 1868-69 being now realized, and, as the amounts are small, and the
Revenue Accounts in which they have been credited to the Company have long
since been closed, they might be treated as remissions of revenue. If in the
opinion of the Revenue officers the balances due for seasons 1869-70 to 1871-72
are equally unlikely to be realized the same course might be pursued with them.
The 1 Pie collected in excess for the season of 1867-68 might be treated as a
collection for 1868-69 and be adjusted in that way.

5. In the Cuddapah District the earliest assessment is for the season of 1871-72,
and the revenue for that season is still being collected. It is probable, therefore, that
in this district the assessments will be fully realized in time.
