MEMORANDUM.

Cattle Crossings—Attali Canal, Godavery Western Delta.

In October 1874 the District Engineer, Godavery, forwarded an estimate of Rupees 2,400 for twenty-one cattle crossings on the Attali canal, and he was authorized, pending a settlement of the manner in which canal crossings generally were to be provided for, to construct such crossings as were necessary to prevent damage to the canals, charging the outlay to Revenue, Extensions and Improvements, and meeting the cost from Repair Funds.

2. Extensions and improvements are treated as Original Works, and the Examiner of Public Works Accounts has consequently intimated that the sanction of Government is necessary. The estimate is accordingly recommended for sanction.
