*Proceedings of the Madras Government, Public Works Department,
18th December 1876. No. 3,480.*

No. 463. Read the following letter from W. B. LEGGATT, Esq., A.I.C.E.,
Officiating District Engineer, Bellary, to Major-General G. W. WALKER,
R.E., Secretary to Government, Public Works Department, dated Bellary,
4th December 1876, No. 3,713:—

I HAVE the honor to submit, for the orders of Government, copy of a letter* from
the Executive Engineer in charge of the
Ghooty Range, requesting sanction for
the employment of an office bandy for the conveyance of his office tents and records.

2. Mr. O'Ratigan urges his claim on the authority granted in G.O., No. 448,
dated 5th February 1866. It has not hitherto been usual to grant such allowances to
the officers of this district, but I recommend the same in this case on the grounds of
the large extent of the division of which he is in charge.

No. 464. ORDER THEREON, 18th December 1876, No. 3,480.

ESTABLISHMENT, No. 36.

THE Governor in Council does not
admit that the charge in question should
be borne by Government. The demand
has never been made by Mr. O'Ratigan's predecessors, though their means of
meeting the outlay were less than his. The Madanapully and Dindigul Ranges afford
no precedents, as they were not traversed by railways in the manner that the
Ghooty Range is.

Sir,

I have the honor to request that you will obtain sanction for the employment of an office Bandy for the conveyance of office text and records as it is a charge which in my opinion should be borne by Government.

2. The area of this Range is about 4079 square miles and it will often happen that I will be a month and even longer from Head Quarters at a time, unless therefore I am enabled to have my records with me, there will be great

great delay in my office work.

3. I may remark that Government
were pleased to admit the charge when
I held charge of the Dimdiqul and
Madanapully Ranges, and this one
is even larger than either of those Ranges.
