*Proceedings of the Madras Government, Public Works Department,
22nd December 1876. No. 3,520.*

No. 540. Read the following letter from Major J. BEATTY, R.E., Officiating Superintending Engineer, Godavery, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 14th December 1876, No. 2,649 :—

I HAVE the honor to inform you that a vacancy for a second-class Draughtsman being about to occur in the Western Delta, I with difficulty obtained a third-class man from the Kistna to take up the post, knowing that it is hopeless to expect first or second class men to come here.

2. I now find that under G.O., No. 2,938, of 2nd November, the Examiner cannot pass the pay of this man without special sanction, which I have therefore the honor to solicit.

3. I have sent an advertisement to the *Fort St. George Gazette* for a first or second class Draughtsman to fill the vacancy, but have no hope that any such will apply. They may be plentiful about Madras, and along the lines of railway, but in these northern districts it has long been found useless to advertise for them.

4. I would not trouble Government with this application, and I certainly have no wish to employ other than fully qualified men, but work must be done, and there is a great pressure of plan-drawing at present in the Western Delta Range Office which must otherwise stand over and delay expenditure.

5. All that I ask is that third-class passed Draughtsman K. Narayanaswami may be allowed to act on third-class Draughtsman's pay in the second-class Draughtsman's post in the Western Delta until my advertisement is answered and a first or second class man applies for the post. I shall employ the very first man that offers.

No. 541. ORDER THEREON, 22nd December 1876, No. 3,520.

ESTABLISHMENT, No. 38.

THERE can never be any objection to employing a properly certificated man, in the absence of candidates possessing higher certificates, provided he is not paid at a rate exceeding that warranted by his certificate.
