*Proceedings of the Madras Government, Public Works Department,
7th January 1876.*

No. 77. Read the following letter from H. G. TURNER, Esq., c.s., Acting Postmaster-General, Madras, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 31st December 1875, No. 10,182/435 :—

With reference to G.O., No. 2,983, dated 23rd October 1875, I have the honor to state, for the information of Government, that on a careful examination of the file of correspondence, I find that when my letters to the Director-General of Post Office in India in August last and to the Government in September last were written, I was not in possession of the District Engineer, Cuddapah's letter, No. 896, dated 23rd July 1875 (copy annexed), in which while making it clear that only the Deputy Postmaster's residence was condemned and was to be rebuilt, he admits that he was not previously sufficiently explicit on this point.

2. The District Engineer, Cuddapah's letter, to my address of 23rd July 1875, was sent by him not direct to this office but through the Inspector of Post Offices, Nellore, by whom it was retained and not submitted till 26th October 1875, or nearly two and-a-half months after my letter of the 11th August 1875, No. 614/435, to the Director-General of the Post Office in India was written.

3. Due notice will be taken of the conduct of the Inspector, Nellore Division, whose stoppage of the District Engineer's letter for more than three months led to the misunderstanding in this case.

From the District Engineer, Cuddapah, to the Postmaster-General, Madras, dated 23rd July 1875, No. 896.

With reference to your letter, No. 2,612/435, of the 7th ultimo, I have the honor to forward, for approval, before preparing the estimate, the plan of the new work proposed for the Postmaster's residence at Madanapally. The Post Office itself is in very fair order and does not require anything more than repairs and alterations. I find on referring to my letter, No. 54, of 9th April, that I was not sufficiently explicit in stating that it was only the residence which should be condemned. I have included a compound wall, as the well and all the ground inside the walls belongs to your department and was formerly enclosed by a mud wall which has now tumbled down.

2. I take this opportunity of forwarding copy of a letter from the Inspecting Postmaster, and request to know if it is your wish that I should include in my estimate the additions and alterations proposed by him.

No. 78. ORDER THEREON, 7th January 1876, No. 39.
