*Proceedings of the Madras Government, Public Works Department,
15th February 1876.*

Read the following papers:—

No. 260. Endorsement of the Officiating Chief Secretary to Government, dated Ootacamund, 3rd September 1875, No. 419.

From Captain J. H. TAYLOR, R.N.R., Acting Master Attendant, Administrative Department, to the Honorable D. F. CARMICHAEL, Officiating Chief Secretary to Government, Marine Department, Fort St. George, dated Madras, 30th August 1875, No. 5,492.

I HAVE the honor to report that the Armeghon light-house lantern and bungalow stand in need of emergent repairs, and respectfully to solicit that Government, in the Public Works Department, may be moved to issue early orders for the immediate execution of the necessary work, as the monsoons are rapidly approaching.

2. I annex below transcript of a letter addressed to the District Engineer, Nellore, on the 21st of May 1875.

From Captain J. H. TAYLOR, R.N.R., Acting Master Attendant, Administrative Department, to the District Engineer of Nellore, dated Madras, 21st May 1875, No. 3,186.

I HAVE the honor to request you will be good enough to give early orders for the preparation of estimate for putting the light-column and buildings attached to the same at Moonapolium in a state of thorough repair from the sum of Rupees 500 provided in the Public Works Budget (Imperial) for the current official year.

2. The Superintendent reports that the lantern requires painting, &c., and the column replastering. The store-rooms are said to be very insecure, and the Superintendent's bungalow in a state of disrepair, particularly the flooring, which is of chunam instead of square bricks, which are far more durable. The lascars' huts also need sundry repairs.

TRANSFERRED to the Public Works Department for issue of the requisite orders.
(Signed) D. F. CARMICHAEL,

Officiating Chief Secretary.

No. 261. From Lieutenant C. B. HENDERSON, R.E., Assistant Engineer in charge of the District, Nellore, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Nellore, 5th February 1876, No. 96.

I HAVE the honor to request that an allotment of Rs. 100 may be made for repairs to Armeghon light-house for expenditure in 1875-76, and that the balance of the estimate, Rupees 800, may be available in 1876-77.

2. The Controller of Public Works Accounts in his letter No. 73 N.L., of the 1st February 1876, calls my attention to the fact that the provision in the Budget of Rupees 500 for 1875-76 has been disallowed by the Government of India.

3. The work has just been commenced and some small expenditure has been incurred; I have now suspended all operations.

4. The Chief Engineer in his memorandum, No. 478, dated 4th September 1875, calls attention to the Master Attendant's letter, No. 3,186, dated 21st May 1875, respecting the state of the Armeghon light-house and out-buildings.
