*Proceedings of the Madras Government, Public Works Department,
25th February 1876.*

No. 469. Read the following letter from Captain L. CONWAY-GORDON, R.E.,
Controller of Public Works Accounts, to Major-General G. W. WALKER,
R.E., Secretary to Government, Public Works Department, dated Fort St.
George, 26th January 1876, No. 222 W:—

With reference to the Orders of Government marginally quoted, I have the
honor to request that you will be good
G.O., No. 1,433, dated 25th May 1875. enough to inform me whether Mr. May
" " 1,857, " 2nd July " is to be regarded as ranking as a
" Superintendent of Works, " and, as such, authorized to exercise the powers of a
District Engineer.

2. The question has arisen on the following point:—Has Mr. May the power
of authorizing horse allowance to his upper subordinates? If ranking as a Superin-
tendent of Works he would, under the Public Works Code, Chapter III., Section ii,
paragraph 1, have the general powers of a District Engineer, but if as an Executive
Engineer he would not. The scale of travelling allowance allowed to Mr. May is
that of an Executive Engineer.

No. 470. ORDER THEREON, 25th February 1876, No. 517.

ESTABLISHMENT, No. 33.

THE position of Mr. May is clearly
defined in paragraph 6 of G.O., No. 1,433,
of 25th May 1875, as "that of an
Executive Engineer in charge of a special range forming a district also." He
therefore has the powers of a District Engineer.
