*Proceedings of the Madras Government, Public Works Department,
8th March 1876.*

No. 94. Read the following letter from Surgeon-General E. BALFOUR, Surgeon-General, Indian Medical Department, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 23rd February 1876, No. 104 :—

I HAVE the honor to submit, for the favorable consideration of Government, the accompanying claim of Passed Hospital Apprentice W. Granger to compensation in lieu of quarters, from 1st February to 12th March 1875.
Rupees 16-10-4.

2. The Apprentice was attached to the Civil Dispensary, Cumbum, and was removed to the Civil Dispensary, Hurpenhully, in the Bellary District, on the ground of health, and the period for which house-rent is claimed was passed in waiting for pay to enable him to proceed on his journey, as it would appear from the correspondence submitted that salary was not disbursed to him, from some oversight, for a period of five months.

3. The Examiner of Public Works Accounts does not feel at liberty to adjust the claim without the orders of Government, for an interval that was not passed on regimental or corresponding duty ; but as the Apprentice's pay proper for that time was disbursed by the Military cash chest, I have the honor to recommend that house-rent be authorized to be paid by the Public Works Department, as under existing orders such charges can be debited to the Civil Department only for periods of duty rendered in connection with Civil Hospitals and Dispensaries.

ORDER THEREON, 8th March 1876, No. 619.

ACCOUNT, No. 4-A.

Sir, I have the honor to report that
House rent due to me from the 1st.
February to 12th March 1875 (inclusive)
amounting to Rs 16-10-4, has not
yet been paid.

On the 28th July 1875, after pre-
vious correspondence, I addressed a
letter, No 50, to the Deputy Surgeon
General, which having been forward-
ed to the Garrison Surgeon Bellary,
I was informed by that Officer that
the sum would be paid by the
Range Officer, Hospett, on the re-
ceipt of certificates, (which had
been written for), from my last
station Cumbum to the effect
that I had neither been provided

with public quarters on paid House-
rent for the period alluded to.

Up to date the amount is unpaid;
and I beg that steps may be taken
to forward it as soon as possible.

Sir,

With reference to the accompany-
ing memo: from the Offg. Civil Surgeon,
Bellary, I have the honor to call
your attention to my letter No. 50
of 28th July 1895, (copy of which I
enclose). A copy of the same
memo: from the Depy. Accountant
General, now forwarded by the Offg.
Civil Surgeon, was sent to me long ago,
and this I enclosed to your address un-
der cover of my letter above referred
to. The correspondence was then
forwarded from your office to the
Garrison Surgeon, Bellary; and,
subsequently, I received my letter
(which was again returned to your

offici), with an endorsement by the
Garrison Surgeon to the effect that on
receipt of necessary certificates from
Cumbum, I would receive the house-
rent from the Range Officer, Ho-
pitt. Not having received the
amount, I forwarded a letter,
No 80 A 18th October 1875, (a copy
of which also I enclose), to the
Garrison Surgeon. The Memo:
now forwarded is the reply.

I beg to request, in conclusion,
that directions may be given to
forward the house rent as soon
as possible.

To The Deputy Surgeon General,

Sir,
With reference to enclosed copy of a
Memo. from the Accountant General
of the effect that my house-rent
from the 1st February to the 12th March
1875 has been disallowed on the ground
that I was unattached to any hospi-
tal for that period, I have the honor
to request that the amount (Rs.
16-10-4), may be sanctioned and
made payable to me, inasmuch as
I was unavoidably detained in Cum-
barn and Bellary for the period al-
luded to.

2. The only cause of my detention
was want of funds, the result of
my not having received my salary
for nearly five months. I can

if necessary, show by a full explanation that this was not my fault.

3. Alluding to the objection raised by the Deputy Assistant General that "Household to Medical Subordinates is granted in the Civil Department only when they are attached to Civil Dispensaries or Hospitals", I beg to request that I may be considered to have belonged to the Military Department during the period mentioned, (1st February to 12th March 1875), particularly as my pay and ration money for that period was drawn as "Military Pay" (vide Memo: from the Garrison Surgeon Bellamy, herewith attached); or that some such arrangement be adopted as will avoid the hardship of my losing the sum through no fault of mine.

Sir I have the honor to return your
Memo. No 1730 of the 4th Novr: 1875
(initialled) with its enclosures.

I beg most respectfully to
request that my protest against
the decision be forwarded to the Surgeon-
General.

The honorment is disallowed on
account of my delay in Cumbum
and Bellary; that delay was solely
through want of funds, (for I was
particularly anxious to get away from
such a feverish place as Cumbum),
as I had just completed at my
own immediate expense the double
journey from Cumbum to Ghooty
and back (a total distance of 240
miles), and had not received pay

for nearly five months; the delay
in the receipt of salary was mainly
due to a mistake committed in the
office of the Garrison Surgeon at
Bellamy, who notwithstanding
repeated directions from your office
to forward my pay as soon as possible
did not do so. The Garrison Surgeon
had received my last pay certificate,
forwarded from your office as early
as the 2nd December 1874, and yet
on the 17th January 1875, I received
a letter from that officer, while
the certificate was in his office, ask-
ing me for it. I immediately
referred the matter to you and was
informed that the certificate was
long ago sent to the Garrison
Surgeon.

Thus through no fault of mine,
I am a loser pecuniarily, and there-
fore beg that these facts may be
reconsidered.

I have the honor to submit for the favorable consideration of Government the accompanying claim of Paired Hospital Apprentice W. Branger to compensation in lieu of quarters, from 1st February to 12th March 1875.

The claim of Papa Hospital Apprentice Granger to have not from the 1st February to the 18th March 1876 amounting to Rs 16-10-4 is technically inadmissible as a charge against the Public Works Department as the Apprentice was employed either in the "Civil Department" or an "Regimental or Corresponding duty" during the period to which the claim refers.

There is no doubt however that the Apprentice is fairly entitled to compensation on line of house rent for the period in question. He was detained at Kancham for the period in which he was transferred, though, as the station from which he was transferred, though, as the fact of his case, and as his salary for the period was subsequently disbursed by the Military Department he would appear to be a formal recognition that he should be considered as having been for the time on "Regimental Duty."

I think that this Office should be authorized to pass the claim as a special case on the recommendation of the Surgeon General.
