*Proceedings of the Madras Government, Public Works Department,
17th March 1876.*

No. 250. Read the following endorsement of the Chief Engineer for Irrigation, dated Fort St. George, 13th March 1876, No. 9:—

From J. H. LATHAM, Esq., Chief Engineer and Manager of the Madras Irrigation and Canal Company, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Kurnool, 15th February 1876, No. 10.

I HAVE the honor to report that the Board in their Secretary's letter, No. 3, of 21st January 1876, have been pleased to sanction an increase of Rupees 100 per mensem to Mr. J. O. Dumphy's, Assistant Conservancy Engineer, salary. I now therefore beg you will be good enough to obtain the sanction of Government for this increase, viz., from Rupees 300 to Rupees 400 per mensem, from the 10th July 1875, to be charged to the Lower Division Conservancy Staff. There is sufficient saving under this head to cover the charge.

Memorandum from the Examiner of Guaranteed Railway and Irrigation Accounts, to the Chief Engineer for Irrigation, dated Madras, 7th March 1876, No. 280.

WITH reference to Chief Engineer and Manager's letter, No. 10, dated 15th February 1876 (herewith returned) received with his No. 17, dated 29th idem, the undersigned has the honor to state that there appears to be no objection to the proposed increase, from Rupees 300 to Rupees 400, of the salary of Mr. J. O. Dumphy, except the general one that it seems questionable under present circumstances whether, with reference to G.O., No. 481, dated 22nd February last, the Government should approve of any increase whatever of the expenditure of the Madras Irrigation and Canal Company.

(Signed) R. G. MACDONALD,
*Exr. Guaranteed Railway and
Irrigation Accounts.*

SUBMITTED to Government, with the suggestion that it is inexpedient with reference to G.O., No. 479, dated 22nd February 1876, to entertain at present any proposals involving an increase of charge for the Engineering Establishment on the canal.

(Signed) A. DEC. SCOTT, Major, R.E.,
*Asst. Chief Engineer for Irrigation,
for Chief Engineer for Irrigation.*

No. 251. ORDER THEREON, 17th March 1876, No. 686.

IRRIGATION, No. 23.

HIS GRACE the Governor in Council regrets that he is unable to consent to any proposals which will add to the cost of the establishment of the Irrigation and Canal Company, pending the general revision and reduction which the Government have recommended to the Secretary of State in their letter, No. 13, dated 28th February 1876.
